Woman is your Husband

SUFFERING with the rheumatism, shrivelled limbs, or contracted cords, which renders him helpless and unable to provide for his family? Perhaps he may be incredulous and unwilling to try any remedy; but we can assure you that a great remedy and an effectual cure, to wit, the Indian Vegetable Elixir and Liniment. There can be no mistake as to the effects of these articles. The Elixir being taken internally operates directly upon the whole nervous system, and finds its way to the seat of the disease, while the Liniment being applied outwardly, removes all pain. This course will cure any case of Rheumatism. Let the afflicted send forthwith and procure these articles of the Agents.

Hay's Liniment

SOLD by Messrs. Comstock & Ross, 52 Cornhill, is certainly the best remedy for the piles which has ever come to our knowledge. One of the publishers of this paper has been entirely cured of that troublesome disease by one weeks' use of the Liniment, and we would earnestly recommend it to all similarly afflicted. It is in truth "all that it is cracked up to be."—Daily Bee.

WET FEET.

DO not be [illegible] about the streets with wet and cold feet when for a trifle you can make your [illegible] or Sh[illegible] perfectly water tight, by applying the Oil of Tamain, which is sold in Bangor by G. W. LADD, HALL & YOUNG, and A. P. GUILD.

sept 26. 3tawd and w6m

TO THE BALD-HEADED,

AND all who would have a fine flowing head of hair. Never till lately did we believe that there was any thing that would restore hair on bald heads; but the proof that we have seen that OLDRIDGE'S BALM OF COLUMBIA, from Comstock & Ross, 52 Cornhill, will do it, is incontestible. We have seen a friend, who is seventy years of age, [illegible] for twenty years perfectly bald, who has had his hair restored with this balm, and numerous [illegible] of a similar kind have lately come to [illegible], which induces us to recommend it to all who are losing their hair. For our part, we would not be without this balm on any account. [Democrat.

CURE FOR PIMPLES ON THE FACE.

THESE complaints are among the most painful [illegible] to which human nature is subject. [illegible] Extract of Sarsaparilla, in all [illegible], cutaneous complaints, ulcers, [illegible] in the blood, pains and swellings of the bones, [illegible] of the liver is a most excellent [illegible]. It first operates upon the blood, removing all [illegible] particles it contains, and other parts of the system. It is concentrated extract, containing the very essence of the root, and prepared in the [illegible] scientific manner. Those who have been for a great length of time suffering under any of the diseases named, will find this Sarsaparilla of great benefit. As a general Spring Medicine to purify the blood, give the vital fluids their [illegible] circulation, to expel from the bowels all their [illegible] secretions, and to change the general habit of the system—in short, to prepare the whole physical system for the enervating heats of [illegible] there is no preparation so efficient as Comstock's [illegible]. Price 50 cents per bottle, or $4 per doz. Warranted equal to any sold at $1 per bottle.

Sold in Bangor by G. W. LADD, HALL & YOUNG and A. P. GUILD.

STARTLING FACTS.

HUNDREDS of children and adults are lost yearly with worms, when some other cause has been supposed to be the true one.

It is admitted by all doctors that scarce a man, woman or child exists but what are sooner or later troubled with worms, and in hundreds of cases, and to relate, a supposed fever, scarlatina, cold, or some other ailing carries off the flowers of the human family—while in truth they die of Worms! and these could have been eradicated in a day, by the use of a bottle of KOHNSTOCK'S VERMIFUGE, at the cost of a quarter of a dollar!

jan 10, 1845.

Dr. John D. Buzzell's Family Medicines.

VEGETABLE BILIOUS BITTERS.

THESE Bitters are particularly serviceable when used alone in all cases of obstructions in the stomach and bowels, in chronic affections of the liver, and all other derangements and diseases proceeding from a diseased state of that organ; such as loss of appetite, foulness of the stomach, costiveness, dizziness and headache, Jaundice, Asthma, Dropsy, Rheumatism, Indigestion, Dyspepsia, Faintness and sinking in the stomach, eruptions on the face and neck, and are an excellent purifier of the Blood. When these Bitters are taken in connection with the Vegetable Pills and Anti-acid preparation will remove the most inveterate chronic diseases, even in cases where mercury has been unsuccessfully administered.

VEGETABLE BILIOUS PILLS.

The reputation of these Pills stands unrivalled for the cure of nervous or Bilious headache, costiveness, indigestion, dyspepsia and all disorders of the stomach; they are so compounded as to be slow in their operation, but after they have thoroughly operated upon the stomach and bowels, one or two pills is sufficient to purge the system, and in their operation they not only purge and cleanse the stomach and bowels from every impurity; but strengthen and give new life and vigor to the digestive organs, &c.

ANTI-ACID AND CARMINATIVE PREPARATION.

This medicine has been successfully used for sourness and wind in the stomach, and is a valuable specific in all cases of nervous irritability and hysteria, hypocondria, asthma, palsy and appoplexy, &c.

COUGH MIXTURE.

The reputation of this mixture stands unrivalled for the cure of all coughs proceeding from colds, asthma, chronic, catarrh, influenza and inflammation of the lungs or plurea, and chronic affections of the liver which frequently produce consumption. It is decidedly the best medicine ever discovered for the cure of the hooping-cough.

COMPOUND STRENGTHENING PLASTER.

All who have used this plaster have found it to be a sure remedy for pain or weakness in the stomach, back, side, chest, loins, muscles, joints, &c, and for lung and liver complaints, coughs, colds asthma, rheumatism, etc.

HEMORRHOIDAL, OR PILE POWDER.

This medicine may be relied upon to give immediate relief, and its use persevered in, will effect a certain cure of this truly painful and troublesome disease. This specific has been used by the proprietor in his practice for more than fourteen years, and he has never known an instance where it has failed to effect a cure. Try it.

Ointment for the cure of the Itch and all other cutaneous ERUPTIONS.

This ointment is a safe and efficacious remedy for the cure of the Itch and all cutaneous eruptions, and for a scald head, one of the worst of humors.

It is a sure remedy for sores and humors upon the face with which children are afflicted, curing without leaving a scar, observing in all cases to take according to accompanying directions, the anti-eruptive or cooling powder.

ANTI-ERUPTIVE OR COOLING POWDER.

A sure remedy for inflamations of the blood or other fluids from which proceeds the St. Antony's Fire, Salt Rheum, and other eruptions of the skin.

VOLATILE AROMATIC SNUFF,

FOR HEADACHE AND CATARRH.

COMPOSED PRINCIPALLY OF ROOTS AND AROMATIC HERBS.

FEW or none of the Snuffs in ordinary use, unite those advantages as an elegant sternutatory which Tobacco combined with other ingredients, is capable of producing. The common Scotch Snuff is not only destitute of fine flavor, but is universally allowed to be injurious to the head and stomach, and sooner or later affects the transparency and color of the skin. The course black Snuff instead of clearing and stimulating the olfactory nerves, serves but to obstruct and deaden them; and in process of time, by stopping the passages has an evident effect upon the speech.

The Volatile Aromatic Snuff will, by experience, be found not liable to these objections—its flavor is fragrant and delightful, the effect pleasing and salutary; it sensibly stimulates the spirits, and removes drowsiness. By repeated experiments it is known to be of essential service to those who are troubled with long, dull, nervous headaches.

In cases [illegible] what is [illegible] called a cold in the head, a pinch or two taken at night on going to bed, will effectually remove all obstructions.

All those troubled with hypocondria, or vapors, will find in this preparation a complete antidote. During the tedious confinement in a crowded house, or a warm atmosphere, after a fatiguing walk or a long ride, a pinch or two of this Snuff will by its grateful and enlivening qualities, richly repay the purchaser the trouble of constantly having it in his pocket.

From its great and anti-putrescent qualities, no composition is better qualified to resist contagion, the use of it is therefore indispensable for all those who watch with or visit the sick.

All sedentary and studious persons of either sex, will find its occasional use a cheap and cheering relief from that lassitude which invariably accompanies a long sitting or much reading.

[Certificate from Dr. Benjamin Waterhouse, Member of the Medical Society in London, of the Medical School in France, and late professor of the Theory and Practice of Physic in Harvard University in Cambridge, accompanies each bottle.

The certificate concludes with these words—"I have frequently used your composition myself, and recommended it to others."

This certificate was given more than thirty years ago, during which period it has been and is still in extensive use in nearly every State in the Union, and with the greatest approbation. ☞ Price 25 and 50 cents per bottle. Also WHITWELL'S ORIGINAL OPODELDOC.

For Bruises, Sprains, Cramp, Numbness, Rheumatism Rheumatic Pains, Stiffness of the Neck or Limbs, Stings of Insects, Vegetable Poisons, Chilblains, etc.

This well known article has stood the test of twenty years and is still sought for, in every State in the Union, and so high is its reputation that city and country have been flooded with the vilest imitations of it, not worth the bottles which contain it. Be not imposed upon, have WHITWELL'S OPODELDOC or none, unless you wish to prove the truth of the Hudibrastic remark,

"That the pleasure is as great,
In being cheated as to cheat."

N. B. A certificate of approbation from Dr. Sam'l L. Mitchell, M. D. L. L. D. late Professor of Medicine in the New York College of Physicians, accompanies each bottle. Price 25 cents.

LORAINE'S PILLS:

OR

VALUABLE UNIVERSAL MEDICINE,

CURATIVE,

OF THE

French College of Health, in Paris.

THESE Pills are now acknowledged by thousands, who take them daily, to be the only medicine that fairly takes the Banner from all others. This *Extraordinary Medicine* has actually done WONDERS within one year past all over the inhabited world where it has been introduced. They cause no pain, or uneasiness, of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the readers is respectfully called to the following important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine,—still greater, and more remarkable cures daily happen.

SWELLING OF THE BODY FROM HEAD TO FOOT, CURED!!

Boston, (Mass.) March 10, 1844.

SIR.—About a year since I was taken severely ill, with a swelling of the body from head to foot, so that I was entirely helpless. The doctor advised me to go to the Hospital; for he said he did not understand my case. The persuasion of friends induced me to try Dr. Lorain's Vegetable Pills, which in a few days, produced a great change in my system, by increasing the natural discharges, causing in appetite, relieving the pain, removing the swelling, and giving me strength, and a perfect cure.

MARY JANE FRANCES.

A SEVERE PAIN IN BOTH SIDES, CURED!

Lowell, (Mass) April 20, 1844.

Sir—For the last few months I have been afflicted with a severe pain in both sides, at times so hard that I could scarcely get my breath. * * * It is a pleasure to feel well—but a much greater one to say that I was cured immediately upon taking 1 dose of Dr Loraine's Pills. J. BROOKS.

A HACKING COUGH CONSTANTLY ANNOYED ME!

Boston, (Mass) June 1, 1844.

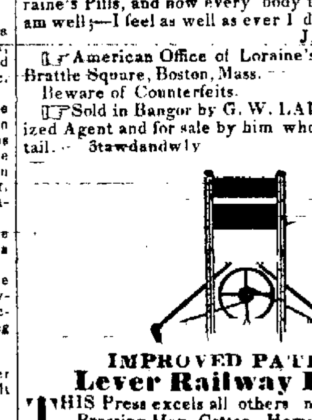

Sir:—In February last, I took a sudden cold, after which, a hacking cough constantly annoyed me, and this, combined with my other maladies, rendered me truly miserable, as every body told me that I was in a consumption. Since I have taken Loraine's Pills, and now every body tells me that I am well;—I feel as well as ever I did.

J. E. McKEY.

IMPROVED PATENT Lever Railway Pres.

THIS Press excels all others now in use for Pressing Hay, Cotton, Hemp, Wool, Hops, Rags, &c &c. and will be warranted to perform well and do double the work that any other press can with the same number of hands, with less than half the draught; a small boy can attend the horse, and the running back of the follower with perfect ease. The time required in running up the follower is fifteen seconds. At ordinary all day work, seven or eight bales can be pressed per hour.—Bales of hay can be pressed, weighing over 400 lbs., [illegible] two feet square and four feet long.—Bales of Cotton can be made compact enough without compressing.

The construction of this press is such that it does not require a building expressly for it, as it may be placed in any barn or shed, and the horse may move in any direction, or at any distance from it; and when the bale is ready for delivery, it is discharged instantly, and the follower gradually recedes as the Hay is placed in the box.

The construction is so simple that any man can make a Press, or keep it in order.

The travel for a horse, in running up a bale, is fifty feet, while in a screw press the travel is one mile and a half, in running the screw up and down.

Report of the Premium Committee of the Agricultural Society of New York.

"The Lever Railway, Hay and Cotton Press, offered by Wm. S. Jack, of Catskill, New York, is a machine combining great power, convenience of operation, and constructed on true philosophical principles, and is a great desideratum to the river counties, and all places not contiguous to market, and also to cotton and hop growers; and the Committee think they do not exaggerate when they say it is, in their opinion, the perfection of machinery for that purpose. The Committee, therefore, award to Mr Jack a premium of $5."

There are several of this new style of Presses now in use near Portland, and a large number building in different parts of the State. The cost of the Press, with the right to use it, can be purchased at less than half the cost of any other press now in use.

For rights for a single Press, or Towns, Counties, and States, application should be made to the subscriber. JOHN COX, Portland, Me.

DR. WISTAR'S

BALSAM OF WILD CHERRY.

THE best medicine known to man for Incipient Consumption, Asthma of every stage, bleeding of the lungs, coughs, colds, liver complaint, and all diseases of the Pulmonary Organs, may be had of Agents named below.

☞ All published statements of cures performed by this medicine are, in every respect, TRUE. Be careful and get the genuine, "DR. WISTAR'S BALSAM OF WILD CHERRY," as spurious imitations are abroad.

Orders from any part of the country should be addressed to ISAAC BUTTS, No 125 Fulton-st. New York.

The public are cautioned against being deceived by a man calling himself Brown who is traveling about the country endeavoring to sell his worthless trash for the genuine, which in itself is good for nothing. The following highly respectable gentlemen and firms have been appointed Agents for the sale of the genuine Dr. Wistar's Balsam Wild Cherry.

Highly Important to all Invalids & friends of Invalids.

THE AFFLICTED IN DANGER! SALUTARY CAUTION, READ! READ!!

THE well established and well-earned reputation of WRIGHT'S INDIAN VEGETABLE PILLS, as a Sovereign antidote, and cure in cases of Fevers, Head Aches, Indigestion, Dyspepsia, Dysentery, Colic, Female Complaints, &c. &c. has excited the cupidity and envy of the proprietors of other medicines, and since their admirable qualities cannot be impugned, has arrayed against them the antagonist efforts of men who seek to palm off other medicines by the reputation of Wright's Indian Vegetable Pills.

Beware of all attempts to palm off any (so called) specifics by means of specious sounding and deceptive titles. "SUGAR COATED PILLS" may be pleasant to the palate, but it requires something more than an agreeable exterior to combat with disease. We shall not attempt to analyze the composition of the "Sugar Coated or pretended improved Indian Vegetable Pills," which have been thrown into the market and advertised extensively in the country papers—we have no desire to do so—nor is it necessary. It is, however, our duty to assure the public emphatically, that they are not an improvement on WRIGHT'S Indian Vegetable Pills, and that, whoever purchases them under this supposition is wofully deceived. This caution is positively necessary, since the title (nearly) the qualities set forth, the combination of ingredients, &c. are all those which formed the distinctive and original character of the true medicine.

Remember, buy none but "WRIGHT'S Indian Vegetable Pills," which are protected by a patent. These have attained an almost incredible sale and circulation owing altogether to their own intrinsic merits. The public will pass its own judgment upon any attempt to snatch the Laurel from the brow of the inventor of these medicines where it has been placed by grateful thousands who owe their continuance of the enjoyment of the blessings of health to his happy and benevolent agency.

Wright's Indian Vegetable Pills

have performed wonders when used, in cases of Intermittent, Remittent, Nervous, Inflammatory and Putrid Fevers, Measles, Small Pox and Erysipelas; Inflammations of the Brain, throat, stomach, lungs, liver intestines, kidneys and bladder; pains in the stomach, back and side; consumption, dropsy of the head, of the chest, of the abdomen and of the limbs, scrofular, scurvy and syphilis, cancer, gravel; loss of appetite, sick headache, rheumatism; both acute and chronic; spitting of blood; diarrhœa, dysentery and colics; syncope, apoplexy and paralysis, dyspepsia, hypochrondriasis, epilepsy, hooping cough, Palpitation of the heart; ulcers and sores of every description; hysteries, weak nerves, and low spirits, suppression, and other delicate Female Complaints.

No other medicines ever discovered has grappled these horrid forms of disease with such general success. They derive thus powerfully THE EMPLOYMENT OF NATURAL MEANS TO COUNTERACT THE EVILS OF NATURE. The bowels of the earth have not been ransacked for poisonous minerals to infect the system under the pretence of eradicating disease. The Field and the Forest alone have been searched for materials for the healing art. From these have been collected remedies attacking the various forms of disease, and expelling it by the outlets provided by the author of our Being—the Lungs, the Skin, the Kidneys and the Bowels. Hence Wright's Indian Vegetable Pills, based upon the curative mode suggested by nature, are Sudorific, Diuretic, Expectorant and Purgative.

The ORIGIN of this invaluable medicine entitles it to unlimited confidence and respect. The nearer we approach to nature, in our researches after truth both in science and art, the more complete will be our success in both. Look at the uniform physical condition of the Indian Tribes of this continent, whether exposed to the frosts and storms of the North, or to the rain, heat, and pestilential miasma of Southern climate. Houseless, unprotected, exposed to every atmospheric change, every extreme of the seasons, dwelling at times in morasses and by the margins of unhealthy pools and swamps—they yet enjoy an almost total immunity from disease, while the white man, who enjoys all the comforts of civilization, with its attendant arts, is as much inferior to the savage in physical vigor, as he is superior to him in intellectual acquisitions.—How does this happen? Simply because, bereft of the light of science, he relies upon that divine instict which impels him to select from the produce of the field and forest those remedies which Nature and Nature's God has bounteously provided for the solace of suffering, and the mitigation and cure of disease—sowing them broadcast on every hill and valley. Let those who impiously arraign the good justice of Divine Providence, and point with a sneer to the multitude of invalids who lie groaning upon beds of sickness, turn from the false lights of man, and study the secrets of nature, and they will adore that mercy which has so bountifully provided a cure for every wound—*a remedy for all who seek one.*

Disease rarely assumes one form from another, even in any one case—hence the absurdity of attacking it by one uncompounded medicine—But Wright's Indian Vegetable Pills combining a remedy for every form of disease, attacks successfully any combination of malady. This union of powers render these pills thoroughly cleansing in their nature and operations. They cannot fail of affording relief if taken according to directions accompanying them. They may be freely resorted to in the most desperate cases of the most desperate disorders, for they have effected remarkable and marvellous cures. They are applicable to a wide range of diseases, and their use is not confined to any particular age, or to either sex. They are now triumphantly established beyond the reach of cavil and the only danger that exists is on the part of the public, lest they should suffer from imitations, spurious Pills, palmed off by the help of titles similar to that of the genuine Pills. Therefore, we once more caution the public against purchasing any but the

GENUINE "WRIGHT'S INDIAN VEGETABLE PILLS."

These Pills, as we before remarked, operate by purgation—by thoroughly cleansing the entire system from all impurities, and making the invalid, in the homely but expressive phrase, 'a new man'; whether the disease is INCIPIENT CONSUMPTION, which insidiously attacks the Lungs, producing that dry, hacking cough so painful to the friendly ear; or Cutaneous, showing itself upon the skin in eruptions of blotches; whether the Kidneys or the Bowels be affected—*Wright's Indian Vegetable Pills* are equally efficacious in warding off danger. Their expectorant, cathartic, sudorific and diuretic qualities enable them to take hold of each form of disease.

The *perfect safety* of the medicine is another all important quality, and one which has contributed more than any thing else to its extension and popularity.

In a word, this medicine commends itself strongly to the patronage of the public, and its use bids fair to become, before long, ALMOST UNIVERSAL.

SAND'S SARSAPARILLA.

FOR the removal and permanent cure of all diseases arising from an impure state of the blood, or habit of the system:

Scrofula, or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Postiles on the Face, Blotches, Biles, Chronic Sore Eyes Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica, or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites, or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Diso rderswill be removed by this Preparation.

If there be a pleasure on earth which superior beings can not enjoy, and one which they might almost envy men the possession of, it is the power of relieving pain. How consoling then is the consciousness of having been the instrument of rescuing thousands from misery, to those who possess it. What an amount of suffering has been relieved, and what a still greater amount of suffering can be prevented by the use of Sand's Sarsaparilla! The unfortunate victim of hereditary disease, with swollen glands, contracted sinews, and bones half carious, has been restored to health and vigor. The Scrofulous patient, covered with ulcers, loathsome to himself and to his attendants, has been made whole. Hundreds, of persons, who had groaned hopelessly for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs, and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation.

Copy of a letter received from Mrs Asenath M. Phillips of Norwich, Conn. after she had been using the medicine about eight days. Comment on such evidence is unnecessary. Norwich, Oct. 8 1842.

Messrs. Sands: Gentlemen, It is with the greatest pleasure, and a heart overflowing with gratitude, I sit down to address you, to inform you of my health, which is rapidly improving every day. Those tormenting pains in my limbs, which have followed me for nineteen years and six months, which were taking my life by inches, tortured and racked to that degree I could not sleep any more than a person wrapped in embers, or with some living creature biting the flesh. Not one single night have I slept all night during the whole of that time; and wonderful to tell, on the 26th of October, I went to bed at 10 o'clock, and slept sweet sleep till morning, and have continued to ever since, which is five nights; the best sleep which I ever enjoyed in my life. The sores on my limbs are growing smaller, and on one side there appears to be new flesh growing. The water is going off by degrees from my head to my feet. It is about two days since it reached my feet, so as to leave wrinkles on my skin. Nothing ever before reached my case until I tried your Sarsaparilla. If I continue to take it until the water is all removed from my feet and ankles, I will get well. I want you to send me some more by the next boat, by Mr Willcox. Can I find words to tell you how much I am indebted to you? No, I cannot. When physicians failed to help, and friends gave me up to die, it seemed that the Lord put it into the heart of strangers to find out a remedy and send it to me before the lamp went out. The scripture saith, "He that hath pity upon the poor lendeth unto the Lord, and that which he hath given will pay him again.

I must close my letter by subscribing myself your friend. ASENATH M. PHILLIPS.

TRUE WISDOM.

A WISE general on the eve of battle makes a proper disposition of his forces beforehand, and does not wait till the enemy has made an attack, and thus, by forethought and due preparation, reasonably expects a victory; thus he who has a desire to attain a healthy and consequently happy old age, does not indolently wait for the attack of the enemy, which is sickness, but is constantly on his guard against his insidious approaches, by paying proper attention to the state of his health. Many would fain occasionally use medicine to assist nature in her operation, but like a mariner at sea without his compass, knowing not where to steer, they first try this and then that, and meet with nothing but disappointment; to these, how welcome must be the important fact, that Parr's Life Pills are now proved to be all that are required to conquer disease and prolong life.

MAYOR'S ADDRESS.

Gentlemen of the City Council:

Permit me to express my grateful acknowledgments through you to my fellow citizens, for the distinguished mark of their confidence in placing me at the head of the government of this city. A deep sense of this honor will ever abide with me, and my sincere thanks, with the assurance of my determination to perform my duty to the best of my ability, and with a view to the highest good of this young and growing city, is the best and most appropriate return, I can make for their kindness.

We have been selected by our fellow citizens to take charge of the affairs of the city, and to see that they come to no harm. The trust we receive at their hands, even without the binding force of a solemn oath, should be most faithfully executed, and all the duties devolving upon us performed with fidelity.—This task is made somewhat easy by the able and faithful manner our predecessors have performed their duties. The wheels of government have been set in motion, and we have but to see that the machine is kept in good order, and to consider whether it is capable of any further improvements.

Among the earliest and most important of your duties will be, that of providing for the support of the credit of the city and the ordinary expenses of the government. The permanent debt of the city amounts to $143,300, $3,400 having been paid during the last year. The interest of this debt, with $5000 of the principal, which becomes due this year, must be provided for.

To maintain the credit of the city unsullied and unsuspected is the first duty of the government.

The report of the City Treasurer, which will be laid before you, will unfold more particularly the State of our finances.

The public schools, the pride and ornament of the city, cannot be cherished with too deep an interest. Patriotism and religion call upon us to foster the cause of education, intellectual and moral. The welfare of the State and the Church depends upon the manner in which our youth are educated. Add to this, that the happiness and respectability of individuals and families rest in a great degree, upon the early training of the young in our public schools, and it is not too much to say, that the future glory and prosperity of this city, greatly depend upon the manner our schools are supported, and our youth are educated. We are deeply indebted to the persevering labors of the Superintending Committee, and untiring efforts of the instructors, for the high charter of our schools.

The amount of expenditures in that department for the past year was $7,408,31, and it is expected that an equal sum will be required for the current year. During the past year a new school house has been built, in District No. 4, and one on York street. A contract has already been made for a new house on Main Street. Another house will be wanted in District No. 2, in the place of one destroyed by fire. An ordinance was passed during the last year, establishing a Commissioner of School-houses, whose duty it is to superintend the erecting and repairing school-houses, providing wood, &c., which office it will be the duty of the City Council to fill.

The care of the poor devolves upon the city, and requires the careful and kind attention of the overseers. It is but a few years since the support of the poor was a heavy item in the city expenses. An improved system has been introduced into the department, and the expenses, excluding the income of the farm, was reduced the last year, to $1,404 48. When it is considered how greatly this city is exposed to the influx of foreigners and transient persons, we can hardly expect to reduce the expenses below the above sum.

The order and economy which have been introduced into the concerns of this department, by the keeper and overseers of the poor, deserve the highest praise.

The city farm affords great aid in the support of the poor, and it may be worthy of consideration, whether by an improved system of husbandry, and a further and judicious outlay, a greater income may not be derived from it. Its vicinity to the city renders it easy to obtain all the manure that may be necessary to place it in a high state of cultivation, and offers a ready market for its surplus products.

The fire department continues to merit the highest confidence in its promptness and efficiency, in staying the ravages of fire. Their services which are rendered neatly gratuitously, are well worthy of remuneration, especially since the military duty has become less arduous. The report of the Chief Engineer is referred to, by which the state of the department may be known.

The expense of repairing the streets and highways during the past year was $6249.39, which was unusually large, and far exceeds, what will be necessary for the current year. The occasion of this expenditure will appear upon an examination of the report of the Street Commissioner.

It is believed the streets and roads are in good order, and that the duties of the Commissioner have been performed with prudence and fidelity.

I respectfully reccommend to the consideration of te hCity Council, that the street leading from Hammond street over Smith's Bridge to Harlow street be laid out, provided the owners of the Bridge will convey the same to the city, and no claim is made for damages.

The plan for allowing a discount on taxes for prompt payment operates favorably as it lessens the trouble of collection, and enables the Treasurer to manage the fiscal concerns of the city with more ease and economy.

The attention of the late City Council was called to the erection of a City Hall on the site now occupied by the old one. The subject was so far noticed as to order the drafting a plan and estimate of the expense of such a building. This action of the City Government has turned the public attention to the subject and considerable discussion has been had among our fellow citizens. It is evident that a difference of opinion exists as to the propriety of the measure. Without expressing any opinion on the subject, I feel it my duty to state, that, in raising money for the ordinary expenses of the government, it is the duty of the City Council to take into consideration the wants of the city, and what the public good requries, and determine accordingly. But when some project of public policy, involving a heavy expense to the city, should be proposed for adoption, it would be your duty to move with the utmost caution. The amount of the present debt, the opinion of the citizens, especially those who would be most effected by the measure, the wants of the public, and the questions whether the outlay would be a good investment, should all be taken into consideration. But should it meet the approbation of both Boards of the City Council, I should recommend to you to submit the final question, if it is to be carried out by a loan obtained upon the credit of the City, to the decision of the legal voters of the City, in ward meetings.

All will see the propriety of procuring the assent of those who are most interested in the measure, and those who know best their own wants, and how much liability they are willing to incur for their gratification.

It is with great diffidence that I assume the duties of the office conferred upon me by my fellow-citizens. But I am aware that all measures which may deeply effect the interest of our constituents, must pass through the respective boards of the City Council, and I feel confident that nothing will take place which is inconsistent with the honor or welfare of our beloved city.

JOSEPH BRYANT.

REPORT

OF THE

SUPERINTENDING SCHOOL COMMITTEE.

To the Mayor, Aldermen and Common Council of the City of Bangor.

The Superintending School Committee of said city submit their report on the condition of the department under their care. The amount expended for the support of the schools, embracing a few outstanding claims at the beginning of the year, is $7649,66

For salary of Teachers	$6621,44
" wood, rent, repairs, books, &c.	1028,22
	$7649,66

The amount raised for the support of schools including the bank tax was $7407, and shews an expenditure over the appropriation of $242,66. This excess of expenditure has arisen from an unusual amount of repairs and from a large number of stoves supplied for the school houses. The number of schools is increasing with the number of scholars, and the amount of expense must be enhanced; but it is thought the amount necessary to raise for the support of schools the ensuing year need not exceed the amount of expenditures of the present year.

The High Schools were established by an ordinance of the city, and they ought to be supported by a special appropriation. By the revised statutes, Chap 17 Sec. 7 the money raised for the support of schools is to be divided among the school districts according to the number of scholars between the age of 4 and 21 years. But by the eighth section, it is provided that, "whenever any town shall raise a sum of money exceeding the amount required by the 6th sec. of the statute," that is 40 cents for each inhabitant, "the excess may be distributed among the several school districts in such manner as the town may determine. The High Schools are not established exclusively for the scholars belonging to the district No. 1, but are open to all, that are qualified according to the rules established by the Superintending School Committee. The city council may therefore determine what part of the excess over 40 cents for each inhabitant, shall be appropriated to the support of the High Schools.

The Committee are happy to assure the city council that the schools throughout the city were never in a better condition than at the present time. Among upwards of forty teachers, who were employed during the last term, not one has failed to give reasonable satisfaction; and a large proportion of this number deserve very high praise. During the recent examinations the Committee have noticed with great pleasure an evident improvement in the good order of the schools, which in many instances left little to be desired in that particular. There existed that quietness without restraint, and that beaming countenance, which gave evidence, that a warm sympathy was established between the teacher and pupils, and that the latter were happy in their school. In this state of things, it is hardly necessary to say, that the scholars sustained the examination with great credit to themselves and to their teachers.

The first and great object in the infant schools, should be to make them pleasant to the pupil. The impulse of nature in every child promotes the physical education, which should not be obstructed by "too much regulation," even in the school room.

They should be subjected to restraint, but it should not be too long continued. Much of the instruction should be oral, and, as much as may be, confined to objects of the senses.

But when the pupil is old enough to study, the course should be quite different. The object then should be to bring into exercise the intellectual faculties. We know, that the exercise of the body gives it power and activity. Not less is the mind improved and invigorated by every new effort. Let not the teacher too readily yield to the request of the scholar to aid him in getting his lesson. Let him be encouraged to rely upon his own power and efforts. 'Try again" is a good answer to such applications. Many a boy has obtained the character of a dunce, because he has never been required to make any earnest effort. Unfortunate indeed is the scholar, who relies on his Teacher, or a friendly fellow student, to aid him in accomplishing his task. On the other hand, thrice happy is he who feels, that he has a power within him, which, when brought into action, can do all things. To wake into life this dormant power and to make it perfect is the duty of the Teacher and the object of education.

The city has nobly performed its duty by erecting school houses and raising money for the support of the public schools. The Committee have introduced a system of classification into the schools, which is as nearly perfect, as the situation of the Districts will permit; and have employed teachers of high qualifycations and experience to instruct the scholars. It now remains for the parents, masters and guardians to determine, whether they will send the children to school where they may receive the instruction designed for them. That there are hundreds of children in this city, who do not attend school, and large numbers whose attendance is extremely irregular, are facts too evident to be denied. And in this lies the great obstacle to the full success of our schools. If parents were fully aware of the infinite importance of education, and the necessity of a constant attendance to enjoy the benefit of instruction, a great reform would at once take place. To suffer children to neglect the schools open to all, and to wander about the streets, without any one to guard or direct them, is to train them up for ignorance and infamy. The Committee would earnestly beseech and entreat all, who have the charge of children, and who have heretofore neglected their duty, to neglect it no longer. Where a child has been allowed to have his own way, it may require much decision and perseverance to correct the evil; it should be remembered, that every day adds to the difficulty. But continued effort will overcome the most inveterate habit; and no child exists who may not by proper exertion be made to love his school.—If parents begin right, it is easy to go on right. But if children are indulged in having their own way, and are suffered to play truant, and then are furnished a certificate of excuse for the absence, nothing but misery to the parent and to the child can be expected. But the mischief ends not here. The order of the school is broken up, the efforts of the Teacher are baffled and the progress of the school impeded. —The establishment of the select school for Boys, under the charge of Mr. Bowler, has been found to add to the efficiency of our school system. It offers a new goal, to which, the scholars in the lower grade of schools aspire, and furnishes a wholesome excitement to the boys to diligence in their studies. The Committee are happy to award the meed of high praise for the ability and faithfulness of Mr. Bowler in the management of this school and regret we were unable longer to obtain his services.

The Committee have pleasure in stating that a foundation has been laid for the establishment of a cabinet of Mineralogy in the High School for girls. Mr. Woolson, the excellent instructor of that school, who possessed a large collection of minerals generously offered to present a variety of specimens provided a cabinet was procured and placed in a room adjoining the school room to receive them, which has been done. The study of mineralogy may hereafter be introduced into the High Schools, when this cabinet may be found useful.

STRANGE. The Whig of Tuesday contains the following:—

"JOSEPH BRYANT, Esq., a sound Whig and opposed to granting licenses, except for special purposes, was elected by a majority of *two hundred and five votes* over all others. Bradford Harlow, Esq., was run as the opposing candidate to Mr Bryant, but undoubtedly without his consent, as he was at Augusta.

What induces the editor of the Whig to labor to give the impression that Mr Bryant was elected as a whig, we cannot precisely determine. He well knows that this is not the fact, for he used great exertions in his Ward, as we are informed, to procure the election of Mr Harlow, who is a Whig. We should be sorry to believe that he is actuated by any dishonest motive, but appearances are against him. Will he explain? Bangor Gazette.

The above we copy from the Bangor Gazette of Saturday and we are disposed to 'explain'.—We remark that our language, as quoted by the Gazette, does not necessarily lead to the conclusion that Mr Bryant was elected *as* a Whig, that is, exclusively as a Whig, because we added the other qualification. It was the combined character of Whig and opposition to licenses that secured his election. The editor of the Gazette with all his caution of criticism, may not entirely escape the charge of endeavoring to represent by implication, that Mr Bryant is *not* a Whig.—Mark his reference to Mr Harlow as a Whig.

But let that pass, and we will proceed to his pretended facts that the Editor of the Whig used great exertions to procure the election of Mr Harlow. This is false. We used no such exertions. We distributed no votes nor procured any to be distributed. Mr Harlow is a man we highly respect. He is a personal friend we honor. He is a Whig in whom we have confidence. But we did not even vote for him, but on the contrary voted for Mr. Bryant. Mr. Harlow had told us that he could have nothing to do with the office of Mayor—that he did not wish his name used as a candidate and preferred to be entirely free from the whole matter. Besides this, we saw that a vote for Mr Bryant would be considered by many as a vote against indiscriminate licensing to sell liquor—we knew also that he was a sound Whig and for these reasons we voted for him and desired his election.

We have descended to particulars regarding this matter because we discover in the conductors of the Gazette a determination, without a very nice regard to means, to place us in the wrong if possible, and we have a mind to make the task so difficult that they shall expose themselves.

But the editor of the Gazette states that he was 'informed' that our course was as represented.—In order to ascertain who gave the information we addressed a note to John E. Godfrey Esq the editor, requesting the name of his informant. We received a line in answer, by the hand of Joel Hills Esq. who seemed to appear as the person who gave the information to Mr Godfrey. Mr Hills stated that he told Mr G. that he thought he saw us distribute votes, but that the article in the Gazette was stronger than his language would authorize and he would not assume its responsibility. Mr. Godfrey states that Mr Hills language did fully authorize his remarks and refers to Mr Johnson for proof of it. He regrets that the article appeared in the Gazette and says it shall be made right in the next number.

Our opinion of this matter is, that Mr Hills and other leaders of the 'Liberty' party, when they get together and engage in conversation about political matters, cherish so deep a hatred towards the Whigs, that, if not rendered incapable of representing them truly, they so magnify and distort even common matters of fact, that their conversations are unfit to be reported in any form, much less to be printed. We regret exceedingly that we should have been forced to this conclusion, but so it is.

French Language and Book Keeping.

Mr Hoyt, an accomplished teacher of the French language has arrived in this city, and proposes to teach the French language, orally.—He will also teach Book Keeping upon a new system combining the essential benefits of double entry with the main forms of single entry.

Mr. Hoyt comes to our city bearing with him the highest testimonials of qualifications as a successful teacher in the French language, and in an elegant and effective system of Book Keeping. Many of our citizens are interested in these objects, and we feel fully authorized to assure them that in committing themselves to the instructions of Mr. Hoyt they will not be disappointed in the result. His notices, at length, may be found in our advertising columns.

To the Editor of the Whig & Courier

I wish to state through your paper to the public that certain persons are circulating false reports, and which I have reason to believe they know are false, that I am concerned as a partner with Stephen Walker in selling liquor. If the office I hold is desired by others, I wish them to obtain it by other means than circulating false reports about me. I am in no way connected in the business affairs of Stephen Walker, nor am I now interested, nor have I been interested in any other business than that of Constable since October 1841. Heaven knows that I have seen evil enough from liquor, never to be concerned either in selling or drinking it.

SIMON F. WALKER.

Bangor, March 13, 1845.

Affairs at Frankfort.

We have received the proceedings of a public meeting at Frankfort, held during a season of uncommon excitement, a few days since, on account of the violation of a grave in that vicinity, and other matters in some way connected with that affair. We are disposed to be liberal in the publication of matters of general interest, and to discountenance all violations of law, and the rights of social life. We must however, in all these matters regard the welfare of the whole community and keep ourselves clearly within the law.

We do not feel at liberty to publish the proceedings in their present form, and mainly for the reason that the expression of opinion in them is greater than that of the relation of fact, whereas the facts should be much stronger than the words. We can see plainly enough that the resolutions were drawn under much excitement, and are calculated to increase excitement rather than lead to sober and earnest measures to bring wrong doers to answer to the law of the land.

The robbing of a grave and the exposure of the subject to the public gaze, are calculated to excite almost any community, and when the subject is a female the atrocity of the crime seems to be greatly enhanced. So far as an emphatic disapprobation of such acts is desired we willingly lend our sanction and concurrence, differing only in this instance as to the form of expression.

During the absence of the editor from the office there was some encouragement given that the proceedings alluded to would be published but it is hoped the reasons given will be satisfactory for their not appearing.

Celebration of St. Patrick's Day by the Bangor Catholic Total Abstinence Society.

The Bangor Catholic Total Abstinence Society celebrated St. Patrick's day in this city by a procession, accompanied by a band of music, suitable Religious services at the Catholic chapel and a public dinner.

The dinner was provided by Mr. Kimball of the Mansion House, and in a style of great elegance and with prodigal liberality in all good things in the way of 'creature comforts.'

The Society numbered some sixty fine looking men. Among the invited guests were the Mayor of the city, Rev Mr. Caverno, President of the Wasshington Total abstinence Society, several Editors and others.

After partaking of the feast the President of the Society Mr. Michael Boyce, called upon the Toast Master Patrick Fox for his report, which was responded to by the announcement of the following.

REGULAR TOASTS.

The day we Celebrate—A day christianity triumphed over paganism; may we live to see the redemption of our native land from the galling yoke of British tyranny.—Tune, St. Patrick's day.

The President of the United States—That illustrious statesman; may the administration of the law is the purity of its priciples be perpetuated over this extensive and happy country—Tune—Yankee Doodle.

Daniel O Connell, the Champion of Freedom—May his triumphant victory for the Legislative Independence of his oppressed country be soon consummated, and with enthusiasm be announced to the nations of the earth.—Tune—The Sprig of Shilala.

Father Mathew—The splendid champion of Erin's Redemption, merits the approbation, love and gratitude of his country, the admiration of the world and the blessing of the Most High.—Tune, Garryowen.

The Banner of Temperance—May it float with all manner of prosperity—May it never be retarded in its progress, but with the velocity of lightning pass through the earth and elevate the degraded condition of man.—Tune, Green Flag Flying.

The Land of our Adoption—Unity, loyalty and liberty to the free sons and noble institutions of the American Republic.—Tune, Columbia.

Peel and the British Ministry—May their tyrannical laws, their most infamous government, their foul and slanderous institutions be totally abolished and forever buried in oblivion.—Tune, Royal Charley.

The land of our birth—May the true land of Erin the noble and brave, be cautious and steady and have the repeal, to gain Independence, I hope they shall and break the strong fetters that binds Granue Wail.—Tune, Rory O More.

Tree of Temperance—may its branches cover the earth, be watered by the dew of heaven, and supported by the true principles of teetotalism.—Tune, There is no luck about the House.

Happy tidings—As the dove returning to the Ark with the olive leaf which indicated that the mighty waters of the deep had subsided—may the same news reach our land that King Alcohol is no more, that monster of death and terror that has swept thousands to a premature grave.—Tune, Farewell to Whiskey.

The Rev. Mr. O Sullivan—His indefatigable labor in the cause of temperance—may it be attended with all manner of prosperity and crowned with success.

The Rt. Rev. Dr. Higgins—The Sentinel and Shepherd of his flock, a most sterling patriot and defender of the faith—may the bloom of his cheek never be tinged by political hatred or religious animosity.—Tune, Sweet Home.

Justice, judgment and equality—may the Shamrock flourish over old Erin as the Eagle did over America.

Woman, her fame and character, fortitude, resignation, meekness, and love, none but a God could form so fair a being, none but a God could bless us with one so sensitive and beautiful and true, as lovely and devoted woman.

Letters were read from Rev. John West, Rev. Mr Nye, and Thos. A. Hill, Esq. The following is the letter of Mr. Hill.

Bangor March 15th 1845.

To the members of the Bangor Catholic Total Abstinence Society.

[illegible] ... it is with sincere regret that I ... [illegible] ... personally ... [illegible] ... I am an occasion, how would be very grateful to my feelings on account of its tendency to harmonize and bring into a closer union all the different means and forms by which the great and good cause of Temperance is to be promoted. It would remind us that though of different nations, sects and parties we, as temperance men, have but one and the same great object in view. An object hallowed by the unexampled zeal, energy and success of your own Father Matthew, and by the untiring and self-sacrificing efforts of the Goughs of this country.

Accept, Gentlemen, my assurances of high regard for your benevolent Society, and much respect for yourselves individually, and believe me Your friend and Obedient Servant. THOMAS A HILL.

The President Mr. Boyce, made a neat address to the Society, introducing to them generally, the invited guests present on occasion. He then proceeded to call upon the guests for speeches and sentiments.

Rev. Mr. Caverno addressed the meeting in a speech of great beauty and glowing with appropriate classical allusions and as a sentiment, gave;

Cold Water. 'Conquer by this.'

By John S Sayward—

The Memory of Ireland. May the last among the brilliant and heart stiring associations connected with the green isle, be that of the complete triumph of Teetotalism.

When the efforts of Father Mathew shall thoroughly purify the habits of the people from the annoyance of intoxication, he will well deserve to be remembered in connection with St. Patrick in his successes in purifying the land from noxious reptiles, St. Patrick and Father Mathew will, by association, reflect double honor on good old Ireland.

By John E Godfrey Esq—

The Temperance Irish American—as true an American as lives.

By Capt. Benjamin Swett—

King Alcohol. Having waded to the throne in blood, may he leave it with the loss of his own.

William Bartlett, Esq being called upon, said that he was not in the habit of making speeches, and should not attempt it on the present occasion, but he had prepared two sentiments which he would read and the company might take their choice.

By William Bartlett, Esq.—

Union and Temperance: When temperance men forget creeds and dogmas—country and prejudices—party feeling and personal piques—the reign of temperance, Catholic and universal, will have begun.

The union of Irishmen and Yankees in the cause of Temperance: battling with the hydra-headed demon of Intemperance, with union and a good cause, every rum fortress is destined to capitulate; they are invincible.

By Charles A Stackpole Esq—

Licensing the "respectable" Rumseller—an obsolete idea.

By W. H. Johnson—

The Irish heart and the Irish hand: While oppression has never been able to chill the one, poverty has never succeeded in closing the other.

By Dennis Lowe.

The Mayor of Bangor: His reputation as an upright merchant, is a pledge that as Chief Magistrate he will be faithful and impartial in the discharge of his official duties. We honor him as a man, and as a true friend of temperance.

By the Marshal of the day—

I have stuck to temperance a good while, and I mean to stick to it till I die.

By

Our Host and Hostess: May their excellent house continue to be thronged, as it now is, with temperance people.

By John O'Connell—

Here's to the Sons of Erin, not forgetting our American Natives; here is once more to the Extricator, I mean brave Dan, the Liberator.

By Daniel Gallagher—

The Shamrock and the Hickory: May the former flourish in safety under the shade of the latter.

By James Murphy—

The chain is broke—the Sampson yoke
From off our necks is taken;
Ireland awoke—Dungannon spoke—
With fear was England shaken.

By Timothy Sullivan—

May the Rose of England wither and die,
And Erin's Shamrock be raised on high,
May Hibernia's harp proclaim the strains
Of Liberty over her verdant plains;
And as Father Matthew has healed our woe,
So may O Connell strike the blow
For Freedom's cause, the union repeal,
And thus bless Erin with power and weal.

By Patrick Griffin—

May the wings of Temperance never lose a feather.

By John Shedre—

Civil and religious liberty to the people of every clime and of every color.

By Dennis O'Loughlen—

Sons of Hibernia, arouse; rally for Ireland and repeal. Prepare to lay low the proud of England; prepare for the coming struggle, and when the law of nations shall render it justifiable on your part to face the enemies of your native country, be firm, united and determined; and above all take care to strike a decisive blow, which will involve them in one undistinguishable mass of ruin, desolation and destruction.

By Patrick Collins—

The revival of shamrock on the American Soil: May the lovers of freedom bedew it with their tears, and warm it with their smiles.

By James O'Donohue, Marshal of the day—

Irishmen, be firm and be united as one man Bear and forbear towards each other. Merge all minor differences and rally for Ireland; union is strength. Hurra for repeal!

By Malachi M. McCorbitt—

The memory of Thomas Jefferson, the friend of the emigrant: "And shall we," said he, "refuse the unhappy fugitive from distress that hospitality which the savages of the desert extended to our fathers on arriving on this land? Shall oppressed humanity find no asylum on this globe?"

By P. Fox—

Sons of Ireland, the day is not far distant when the land of our birth will be as it was—great, glorious and free; brave Daniel O Connell the leader of Ireland, leading and encouraging the brave Repealers and the '82 Club.

By Patrick Hedron—

The American Eagle, that bird of Jove. As it soars on in its heaven-bound course, extending with one limb the olive-branch of peace to all nations, may it kindly grasp the shamrock with the other.

By Edward Heffron—

To the memory of the man that first spoke of Independence and took up his sword and maintained it, and never gave up till he had equal rights.

By Edward Mehegan—

Let Britain boast her motley flag;
We'll lift the green more proud and airy;
Be mine the lot to bear that flag,
And hail the hour of Tipperary.

By Thomas Wall—

Here's to the stars and stripes, and to the Eagle flying, and to this happy mansion where we have dined.

By Daniel Gallaghen—

The National Independence of Ireland: With out bloodshed if possible; if not the sooner, the later, for when Daniel strikes the blow the 'Lion' is undone.

By Michael O'Connell—

Here's a health to President Polk; may he aid and protect those that come to the land of the free and the brave, from under the British yoke.

By James Murphy—

Let us lift the green flag high
Underneath this foreign sky;
And as we hasten to the fight
Let us drink a last good night.

St. Patrick's Day.

The Independent Catholic Benevolent Society of Bangor met according to previous notice at the Washingtonian Hall on Hammond street, At 9 o'clock a Procession was formed under the direction of John O'Sullivan Chief Marshal of the day and took up their line of march, preceded by a band of music, through the principal streets, with banners flying, etc. after which they proceeded to the Catholic Church, where an Address was delivered by Rev. Mr O'Sullivan, and other exercises had appropriate for the occasion. The procession was then reformed and proceeded to the Franklin House where an entertainment was provided in good style by Messrs Young & Record. DANIEL FITZPATRICK, was chosen President, JAMES LANDERS Vice President, Michael McCarthy Sec'y Timothy Wall Toastmaster. After the cloth was removed the following Toasts were drank in pure cold water" and the company separated much pleased with the exercises of the day.

Toasts.

By Danl. Fitzpatrick—

The Irish Harp and the American Eagle, the one beloved by every true hearted Irishman the other by every true hearted American, they were placed together upon the Flag, which has proudly floated in the breeze this day in peace and will be sustained in war, by those who carried them to be there, against the rude blasts of tyranny.

By John O'Sullivan—

Ireland and America, may they be united upon all those great moral and political questions which shall have a tendency to elevate and strengthen the morals of the whole human family.

By Jeremiah Crowley—

The true test of a liberal minded man, one who attempts to elevate the oppressed without regard to locality or place.

By Wm Smith—

Irishmen, Here is to the Sons of freedom and liberty and may the Sons of Erin soon conquer their enemy.

By Michael Landers—

A sporting Irishman always at home in good company and at the festive board and especially amongst the Ladies.

By Thomas O'Leary—

The Flag of America may its stripes remain untarnished its honor ever pure.

By Patrick Shine—

All ye subjects of Great Britain
Who are Loyal to the Queen
May you all be swept away
By some torrent from a Stream.

By Michael McCarty—

The great O Connel, the terror of tyranny, the pride of Ireland and the Catholic champion of universal Freedom. May heaven crown his Labors.

James Landers—

St. Patrick's day, a memorable day with Irishmen, comparatively, a yankee Fourth of July a glorious day of Liberty.

By John O'Brine—

Our guests who have honored us with their company; never let us forget, the kindness and friendly countenance their presence manifests—may they feel the joy they give.

By Thos. O Larey—

Ireland—may her misfortunes soon prove the pedestal of her national Independence and the music of her harp be heard where the voice of the Lion now carries the sway.

By Patrick O'Hearin—

Citizens of the United States are the freest people in the world their hospitality allows us the enjoyment of equal rights with themselves thereby strengthing themselves and sharing it with others.

By Timothy Wall—

The Independent Catholic Benevolent Society got up for a good cause, if wrong, will sure be righted, like a ship on her beam ends, may we never be obliged to cut away her masts.

Timothy Wall—

Woman mighty woman, too powerful for any man openly to avow himself your enemy; too weak for any man to insult, and too lovely for any man to resist.

New Hampshire Election.

Returns from 187 towns give Steele (Loco) 21,489, Colby (Whig) 14,924, Hoyt (Abo.) 5271 scat 944. On the Congress ticket Woodbury runs far behind, and is defeated. Thirty-four towns to be heard from.

☞ The Boston Mail states that there was a disgraceful disturbance at the Temple, in that city on Sunday evening, on the occasion of the delivery of a Temperance address by Rev. Mr. Stetson of Medford. The uproar was so great that the speaker was obliged to desist.

☞ The spring elections in the interior of N. York indicate highly favorable prospects in the Whig forces. There never was more determined spirit and we have no doubt it will increase until victory is secured.

☞ Shepard Cary was feasted at Augusta by the locos on Saturday evening last. He made a speech to the yeomanry present on the occasion.

☞ The anti-rent disturbances are on the increase and affairs in the infected district wear a warlike appearance.

From Brazil.

The frigate Congress, Capt Voorhees, which arrived in the Chesapeake on Wednesday, brings important despatches from the Hon. Henry A Wise, our Minister at Brazil, relative to the slave trade. It is stated that the most extraordinary developements, relative to this trade, has been made by Mr Wise, and also by Mr Gordon, our Consul at Rio.

☞ Gen. Simeon Cameron, the anti-caucus candidate has been elected U. S. Senator in Pennsylvania.

MARRIED,

In Atkinson, 27th ult. by the Rev. R Noyes, Mr Hanson Barney to Miss Elizabeth E. Noyes, both of A.

At Park Hill, Cherokee Nation, on the 28th of Oct 1844, Lorenzo Delano, Esq. (formerly of Maine,) to Mrs Eliza Stinnett, a native Cherokee.

THE FRENCH LANGUAGE

TAUGHT ORALLY.

ROOM OVER

SMITH & FENNO'S STORE.

MR. HOYT respectfully offers his services as oral French instructor. His experience of over eleven years in teaching French orally in several Colleges, and a large number of Academies, both in New England and New York, in which he has instructed persons of every profession and pursuit, including Professors in Colleges, Divines, Physicians, Lawyers, Members of Congress, Students, Merchants, Artists, Mechanics &c. &c., enables him to adapt his instructions to minds of every calibre. The instruction being entirely *oral*, the pupil's organs of hearing and speech are thoroughly trained to the pronunciation, the instructor setting forth principles, and impressing them firmly in the mind by constant practice, and the consequence is, that where due attention is paid to his instruction, the pupil never fails to make a rapid progress.—Wherever this mode of instruction is once known, it has met the highest commendations from men whose position in society and eminent talents have qualified them to be sound judges. Among the number who have borne testimony of his skill and assiduity, either as pupils or witnesses, Mr. H. begs leave to mention the following:

Mr. H. refers to His Excellency Gov. Kent, Messrs. Appleton & Hill; H. V. Poor; A. W. Paine; John S. Sayward. Esqs; Rev. Mr. Pomeroy, Bangor; John Neal, Phineas Barnes, William Willis, Charles Jones, Esqs., Rev. Mr. Chickering, Portland.

Ladies and gentlemen forming private social classes among their friends, will be waited upon at their rendezvous, without extra charge.

Pupils should apply immediately in which case Mr. H. will have ample time to ground them thoroughly in the pronunciation and grammatical construction of the language.

For further particulars please read over one of his circulars which may be had at the bookstores of Messrs Smith & Fenno D. Bugbee, E. F. Duren, or of Mr. H. at his Recitation Room, over Messrs. Smith & Fenno's Store.

BOOK-KEEPING.

MR. HOYT is the author of a NEW SYSTEM OF BOOK KEEPING, combining advantages to the retail dealer and manufacturer not met with in any other system ever devised. A correct STOCK, CASH, BANK, and EXPENSE account are kept, and the exact profits, &c. of the business ascertained as correctly as if their Books were kept by double entry. The trouble of a Journal is dispensed with, there being only three books, CASH, DAY BOOK and LEDGER. No merchant or trader need purchase new books in order to adopt this system. The only trouble is taking an inventory of the stock on hand, after which the books can be opened in ten minutes. So simple is the plan that a person can be taught it in from half an hour to an hour's time. It has been most liberally patronized in all the large country towns, and Manufactories in New England, and recently in Providence, where more than 40 merchants, traders and manufacturers purchased the work, and most, if not all, are now following it up in their Books. Mr H. refers to his hand bills for further details.

Double Entry Book Keeping

Mr. H. hereby gives notice that he will receive 3 or 4 young gentlemen under his care, and qualify them for situations in any counting room in the Union. They will be taught Double-entry Book Keeping, Commercial Arithmetic or short method of calculations in use in counting rooms, Exchange, &c. and Penmanship.

Mr. H has a number of his pupils in New York and New Orleans, who are in first rate situations. As this course will occupy some time, and requires a great deal of Mr. H's attention, it is requisite that pupils should not neglect applying immediately, as only a few pupils will be received.

CONCERT.

THE BANGOR MUSICAL ASSOCIATION, present to the public, the following Programme of the Concert, announced to be given by them on THURSDAY EVENING, March 20th, AT THE UNIVERSALIST CHAPEL

PART I.

1st *Recitative Air and Chorus.* Haydn
Recitative. In the beginning, God created the heaven and the earth.
Chorus. And the spirit of God.
Recitative. And God saw the light.
Air. Now vanish before the holy beams
Chorus. Desparing, cursing, rage, a new creat- world Haydn.
3d *Recitative Air and Chorus.* Haydn.
Recitative. And God made the firmament.
Air. The marvelous work behold amaz'd.
Chorus. And to the ethereal vault resound.
3d DUETT—All things fair and bright are O. Shaw.
4 SONG—Dreams of heaven. T. Bissell
5 *Recitative Trio and Chorus.* Haydn.
Recitative. And God said, let there be light.
In splendor bright is rising now the sun.
Chorus. The Heav'ns are telling, the glory of God.
Trio. Day unto day doth utter speech.
6th *Recitative Air and Chorus.* Haydn.
Recitative. And God created man in his own image.
Air. In native worth and honor clad.
Recitative. And God saw every thing that he had made.
Chorus. Achieved is the glorious work.

PART II.

1st—*Quartette*—Awake! Æolian Lyre. S. Danby
2d—*Glee*—The Dawn of Day. T. Bissell.
3d—*Duett*—The mariner loves o'er the water to roam. A. Lee.
4th—*Duett*—When thy bosom heaves the sigh. J. Braham.
5th—*Quartette*—Crabbed age and youth. L. Stevens.
6th—*Duett*—Day is gently breaking Lyrist.
7th—*Trio*—Desolate is the dwelling of Morna. Dr. Calcott.
8th—*Duett and Chorus.* The day is past and gone. W. C. Peters.
9th—*Solo and Chorus*—Raise your songs of praise on high Handel.

Doors open at 7 o'clock. Performance to commence at 7½ o'clock.

Woman is your Husband

SUFFERING with the rheumatism, shrivelled limbs, or contracted cords, which renders him helpless and unable to provide for his family? Perhaps he may be incredulous and unwilling to try any remedy; but we can assure you that a great remedy and an effectual cure, to wit, the Indian Vegetable Elixir and Liniment. There can be no mistake as to the effects of these articles. The Elixir being taken internally operates directly upon the whole nervous system, and finds its way to the seat of the disease, while the Liniment being applied outwardly, removes all pain. This course will cure any case of Rheumatism. Let the afflicted send forthwith and procure these articles of the Agents.

TO THE BALD-HEADED,

AND all who would have a fine flowing head of hair. Never till lately did we believe that there was any thing that would restore hair on bald heads; but the proof that we have seen that OLDRIDGE'S BALM OF COLUMBIA, from Comstock & Co., 52 Cornhill, will do it, is incontestible. We have seen a friend, who is seventy years of age, … for twenty years perfectly bald, who has had his hair restored with this balm, and numerous … cases of a similar kind have lately come to our notice, which induces us to recommend it to all who are losing their hair. For our part, we would not be without this balm on any account. [Democrat.

CURE FOR PIMPLES ON THE FACE.

THESE complaints are among the most painful and disgusting to which human nature is subject. … Comstock's Extract of Sarsaparilla, in all scrofulous affections, cutaneous complaints, ulcers, measles, in the blood, pains and swellings of the bones, and diseases of the liver is a most excellent medicine. It operates upon the blood, removing all the diseased particles it contains, and other parts of the system. It is concentrated extract, containing the very essence of the root, and prepared in the most scientific manner. Those who have been for a great length of time suffering under any of the diseases named, will find this Sarsaparilla of great benefit. As a general Spring Medicine to purify the blood, and give the vital fluids their natural circulation, to expel from the bowels all their morbid secretions, and to change the general habit of the system, in short, to prepare the whole physical system for the enervating heats of summer, there is no preparation so efficient as Comstock's Sarsaparilla. Price 50 cents per bottle, or $4 per dozen. Warranted equal to any sold at $1 per bottle.

Sold in Bangor by G. W. LADD, HALL & YOUNG and A. P. GUILD. sept 27. 3tawd and w6m

STARTLING FACTS.

HUNDREDS of children and adults are lost yearly with worms, when some other cause has been supposed to be the true one.

It is admitted by all doctors that scarce a man, woman or child exists but what are sooner or later troubled with worms, and in hundreds of cases, sad to relate, a supposed fever, scarlatina cold, or some other ailing carries off the flowers of the human family while in truth they die of Worms! and these could have been eradicated in a day, by the use of a bottle of KOHNSTOCK'S VERMIFUGE, at the cost of a quarter of a dollar!

E. HARRIS, Superintendent.
jan 10, 1845.

Dr. John D. Buzzell's Family Medicines.

VEGETABLE BILIOUS BITTERS.

THESE Bitters are particularly serviceable when used alone in all cases of obstructions in the stomach and bowels, in chronic affections of the liver, and all other derangements and diseases proceeding from a diseased state of that organ; such as loss of appetite, foulness of the stomach, costiveness, dizziness and headache, Jaundice, Asthma, Dropsy, Rheumatism, Indigestion, Dyspepsia, Faintness and sinking in the stomach, eruptions on the face and neck, and are an excellent purifier of the Blood. When these Bitters are taken in connection with the Vegetable Pills and Anti-acid preparation will remove the most inveterate chronic diseases, even in cases where mercury has been unsuccessfully administered.

VEGETABLE BILIOUS PILLS.

The reputation of these Pills stands unrivalled for the cure of nervous or Bilious headache, costiveness, indigestion, dyspepsia and all disorders of the stomach; they are so compounded as to be slow in their operation, but after they have thoroughly operated upon the stomach and bowels, one or two pills is sufficient to purge the system, and in their operation they not only purge and cleanse the stomach and bowels from every impurity; but strengthen and give new life and vigor to the digestive organs, &c.

ANTI-ACID AND CARMINATIVE PREPARATION.

This medicine has been successfully used for sourness and wind in the stomach, and is a valuable specific in all cases of nervous irritability and hysteria, hypocondria, asthma, palsy and appoplexy, &c.

COUGH MIXTURE.

The reputation of this mixture stands unrivalled for the cure of all coughs proceeding from colds, asthma, chronic, catarrh, influenza and inflammation of the lungs or plurea, and chronic affections of the liver which frequently produce consumption. It is decidedly the best medicine ever discovered for the cure of the hooping-cough.

COMPOUND STENGTHENING PLASTER.

All who have used this plaster have found it to be a sure remedy for pain or weakness in the stomach, back, side, chest, loins, muscles, joints, &c, and for lung and liver complaints, coughs, colds asthma, rheumatism, etc.

HEMORRHOIDAL, OR PILE POWDER.

This medicine may be relied upon to give immediate relief, and its use persevered in, will effect a certain cure of this truly painful and troublesome disease. This specific has been used by the proprietor in his practice for more than fourteen years, and he has never known an instance where it has failed to effect a cure. Try it.

Ointment for the cure of the Itch and all other cutaneous ERUPTIONS.

This ointment is a safe and efficacious remedy for the cure of the Itch and all cutaneous eruptions, and for a scald head, one of the worst of humors.

It is a sure remedy for sores and humors upon the face with which children are afflicted, curing without leaving a scar, observing in all cases to take according to accompanying directions, the anti-eruptive or cooling powder.

ANTI-ERUPTIVE OR COOLING POWDER.

A sure remedy for inflamations of the blood or other fluids from which proceeds the St. Antony's Fire, Salt Rheum, and other eruptions of the skin.

VOLATILE AROMATIC SNUFF,

FOR HEADACHE AND CATARRH.

COMPOSED PRINCIPALLY OF ROOTS AND AROMATIC HERBS.

FEW or none of the Snuffs in ordinary use, unite those advantages as an elegant sternutatory which Tobacco combined with other ingredients, is capable of producing. The common Scotch Snuff is not only destitute of fine flavor, but is universally allowed to be injurious to the head and stomach, and sooner or later affects the transparency and color of the skin. The course black Snuff instead of clearing and stimulating the olfactory nerves, serves but to obstruct and deaden them; and in process of time, by stopping the passages has an evident effect upon the speech.

The Volatile Aromatic Snuff will, by experience, be found not liable to these objections—its flavor is fragrant and delightful; the effect pleasing and salutary; it sensibly stimulates the spirits, and removes drowsiness. By repeated experiments it is known to be of essential service to those who are troubled with long, dull, nervous headaches.

… called a cold in the head, a pinch or two taken at night on going to bed, will effectually remove all obstructions.

All those troubled with hypocondria, or vapors, will find in this preparation a complete antidote. During the tedious confinement in a crowded house, or a warm atmosphere, after a fatiguing walk or a long ride, a pinch or two of this Snuff will by its grateful and enlivening qualities, richly repay the purchaser the trouble of constantly having it in his pocket.

From its great and anti-putrescent qualities, no composition is better qualified to resist contagion, the use of it is therefore indispensible for all those who watch with or visit the sick.

All sedentary and studious persons of either sex, will find its occasional use a cheap and cheering relief from that lassitude which invariably accompanies a long sitting or much reading.

[Certificate from Dr. Benjamin Waterhouse, Member of the Medical Society in London, of the Medical School in France, and late professor of the Theory and Practice of Physic in Harvard University in Cambridge, accompanies each bottle.

The certificate concludes with these words—"I have frequently used your composition myself, and recommended it to others."

This certificate was given more than thirty years ago, during which period it has been and is still in extensive use in nearly every State in the Union, and with the greatest approbation. Price 25 and 50 cents per bottle. Also WHITWELL'S ORIGINAL OPODELDOC.

For Bruises, Sprains, Cramp, Numbness, Rheumatism Rheumatic Pains, Stiffness of the Neck or Limbs, Stings of Insects, Vegetable Poisons, Chilblains, etc.

This well known article has stood the test of twenty years and is still sought for, in every State in the Union, and so high is its reputation that city and country have been flooded with the vilest imitations of it, not worth the bottles which contain it. Be not imposed upon, have WHITWELL'S OPODELDOC or none, unless you wish to prove the truth of the Hudibrastic remark,

"That the pleasure is as great,
In being cheated as to cheat."

N. B. A certificate of approbation from Dr. Sam'l L. Mitchell, M. D. L. L. D. late Professor of Medicine in the New York College of Physicians, accompanies each bottle. Price 25 cents.

LORAINE'S PILLS: OR VALUABLE UNIVERSAL MEDICINE, CURATIVE, OF THE French College of Health, in Paris.

THESE Pills are now acknowledged by thousands, who take them daily, to be the only medicine that fairly takes the Banner from all others. This *Extraordinary Medicine* has actually done WONDERS within one year past all over the inhabited world where it has been introduced. They cause no pain, or uneasiness, of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the readers is respectfully called to the following important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine,—still greater, and more remarkable cures daily happen.

SWELLING OF THE BODY FROM HEAD TO FOOT, CURED!!

Boston, (Mass.) March 10, 1844.

Sir.—About a year since I was taken severely ill, with a swelling of the body from head to foot, so that I was entirely helpless. The doctor advised me to go to the Hospital; for he said he did not understand my case. The persuasion of friends induced me to try Dr. Loraine's Vegetable Pills, which in a few days, produced a great change in my system, by increasing the natural discharges, causing in appetite, relieving the pain, removing the swelling, and giving me strength, and a perfect cure.

MARY JANE FRANCES.

A SEVERE PAIN IN BOTH SIDES, CURED!

Lowell, (Mass) April 20, 1844.

Sir—For the last few months I have been afflicted with a severe pain in both sides, at times so hard that I could scarcely get my breath. * * * It is a pleasure to feel well—but a much greater one to say that I was cured immediately upon taking 1 dose of Dr Loraine's Pills. J. BROOKS.

A HACKING COUGH CONSTANTLY ANNOYED ME!

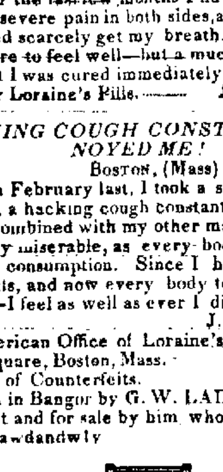

Boston, (Mass) June 1, 1844.

Sir:—In February last, I took a sudden cold, after which, a hacking cough constantly annoyed me, and this, combined with my other maladies, rendered me truly miserable, as every body told me that I was in a consumption. Since I have taken Loraine's Pills, and now every body tells me that I am well;—I feel as well as ever I did. J. E. McKEY.

American Office of Loraine's Pills, No 10, Brattle Square, Boston, Mass.

IMPROVED PATENT Lever Railway Pres.

THIS Press excels all others now in use for Pressing Hay, Cotton, Hemp, Wool, Hops, Rags, &c &c. and will be warranted to perform well and do double the work that any other press can with the same number of hands, with less than half the draught; a small boy can attend the horse, and the running back of the follower with perfect ease. The time required in running up the follower is fifteen seconds. At ordinary all day work, seven or eight bales can be pressed per hour.—Bales of hay can be pressed, weighing over 400 lbs., measuring two feet square and four feet long—Bales of Cotton can be made compact enough without compressing.

The construction of this press is such that it does not require a building expressly for it, as it may be placed in any barn or shed, and the horse may move in any direction, or at any distance from it; and when the bale is ready for delivery, it is discharged instantly, and the follower gradually recedes as the Hay is placed in the box.

The construction is so simple that any man can make a Press, or keep it in order.

The travel for a horse, in running up a bale, is fifty feet, while in a screw press the travel is one mile and a half, in running the screw up and down.

Report of the Premium Committee of the Agricultural Society of New York.

"The Lever Railway, Hay and Cotton Press, offered by Wm. S. Jack, of Catskill, New York, is a machine combining great power, convenience of operation, and constructed on true philosophical principles, and is a great desideratum to the river counties, and all places not contiguous to market, and also to cotton and hop growers; and the Committee think they do not exaggerate when they say it is, in their opinion, the perfection of machinery for that purpose. The Committee, therefore, award to Mr Jack a premium of $5."

There are several of this new style of Presses now in use near Portland, and a large number building in different parts of the State. The cost of the Press, with the right to use it, can be purchased at less than half the cost of any other press now in use.

For rights for a single Press, or Towns, Counties, and States, application should be made to the subscriber. JOHN COX, Portland, Me.

DR. WISTAR'S BALSAM OF WILD CHERRY.

THE best medicine known to man for incipient Consumption, Asthma of every stage, bleeding of the lungs, coughs, colds, liver complaint, and all diseases of the Pulmonary Organs, may be had of Agents named below.

All published statements of cures performed by this medicine are, in every respect, TRUE. Be careful and get the genuine, "DR. WISTAR'S BALSAM OF WILD CHERRY," as spurious imitations are abroad.

Orders from any part of the country should be addressed to ISAAC BUTTS, No 125 Fulton-st. New York.

The public are cautioned against being deceived by a man calling himself Brown who is traveling about the country endeavoring to sell his worthless trash for the genuine, which in itself is good for nothing. The following highly respectable gentlemen and firms have been appointed Agents for the sale of the genuine Dr. Wistar's Balsam Wild Cherry.

Highly Important to all Invalids & friends of Invalids.

THE AFFLICTED IN DANGER! SALUTARY CAUTION. READ! READ!!

THE well established and well-earned reputation of WRIGHT'S INDIAN VEGETABLE PILLS, as a Sovereign antidote, and cure in cases of Fevers, Head Aches, Indigestion, Dyspepsia, Dysentery, Colic, Female Complaints, &c. &c has excited the cupidity and envy of the proprietors of other medicines, and since their admirable qualities cannot be impugned, has arrayed against them the antagonist efforts of men who seek to pass off other medicines by the reputation of Wright's Indian Vegetable Pills.

Beware of all attempts to palm off any (so called) specifics by means of spacious sounding and deceptive titles. "SUGAR COATED PILLS" may be pleasant to the palate, but it requires something more than an agreeable exterior to combat with disease. We shall not attempt to analyze the composition of the "Sugar Coated or pretended improved Indian Vegetable Pills," which have been thrown into the market and advertised extensively in the country paper—we have no desire to do so—nor is it necessary. It is, however, our duty to assure the public emphatically, that they are not an improvement on WRIGHT'S Indian Vegetable Pills, and that, whoever purchases them under this supposition is wofully deceived. This caution is positively necessary, since the title (nearly) the qualities set forth, the combination of ingredients, &c. are all those which formed the distinctive and original character of the true medicine.

Remember, buy none but "WRIGHT'S Indian Vegetable Pills," which are protected by a patent. These have attained an almost incredible sale and circulation owing altogether to their own intrinsic merits. The public will pass its own judgment upon any attempt to snatch the Laurel from the brow of the inventor of these medicines where it has been placed by grateful thousands who owe their continuance of the enjoyment of the blessings of health to his happy and benevolent agency.

Wright's Indian Vegetable Pills

have performed wonders when used in cases of Intermittent, Remittent, Nervous, Inflammatory and Putrid Fevers, Measles, Small Pox and Erysipelas; Inflammations, of the Brain, throat, stomach, lungs, liver intestines, kidneys and bladder; pains in the stomach, back and side, consumption, dropsy of the head, of the chest, of the abdomen and of the limbs, scrofula, scurvy and syphilis, cancer, gravel, loss of appetite, sick headache, rheumatism; both acute and chronic; spitting of blood, diarrhœa, dysentery and colics; syncope, apolexy and paralysis, dyspepsia, hypochondriasis, epilepsy, hooping cough, Palpitation of the heart; ulcers and sores of every description; hysterics, weak nerves, and low spirits, suppression, and other delicate Female Complaints.

No other medicines ever discovered has grappled these horrid forms of disease with such general success. They derive thus powerfully THE EMPLOYMENT OF NATURAL MEANS TO COUNTERACT THE EVILS OF NATURE. The bowels of the earth have not been ransacked for poisonous minerals to infect the system under the pretence of eradicating disease. The Field and the Forrest alone have been searched for materials for the healing art. From these have been collected remedies attacking the various forms of disease, and expelling it by the outlets provided by the author of our Being—the Lungs, the Skin, the Kidneys and the Bowels. Hence Wright's Indian Vegetable Pills, based upon the curative mode suggested by nature, are Sudorific, Diuretic, Expectorant and Purgative.

The ORIGIN of this invaluable medicine entitles it to unlimited confidence and respect. The nearer we approach to nature, in our researches after truth both in science and art, the more complete will be our success in both. Look at the uniform physical condition of the Indian Tribes of this continent, whether exposed to the frosts and storms of the North, or to the rain, heat, and pestilential miasma of Southern climate. Houseless, unprotected, exposed to every atmospheric change, every extreme of the seasons, dwelling at times in morasses and by the margins of unhealthy pools and swamps—they yet enjoy an almost total immunity from disease, while the white man, who enjoys all the comforts of civilization, with its attendant arts, is as much inferior to the savage in physical vigor, as he is superior to him in intellectual acquisitions.—How does this happen? Simply because, bereft of the light of science, he relies upon that divine instinct which impels him to select from the produce of the field and forest those remedies which Nature and Nature's God has bounteously provided for the solace of suffering, and the mitigation and cure of disease—sowing them broadcast on every hill and valley. Let those who impiously arraign the good justice of Divine Providence, and point with a sneer to the multitude of invalids who lie groaning upon beds of sickness, turn from the false lights of man, and study the secrets of nature, and they will adore that mercy which has so bountifully provided a cure for every wound—*a remedy for all who seek one.*

Disease rarely assumes one form from another, even in any one case—hence the absurdity of attacking it by one uncompounded medicine. But Wright's Indian Vegetable Pills combining a remedy for every form of disease, attacks successfully any combination of malady. This union of powers render these pills thoroughly cleansing in their nature and operations. They cannot fail of affording relief if taken according to directions accompanying them. They may be freely resorted to in the most desperate cases of the most desperate disorders, for they have effected remarkable and marvellous cures. They are applicable to a wide range of diseases and their use is not confined to any particular age, or to either sex. They are now triumphantly established beyond the reach of cavil and the only danger that exists is on the part of the public, lest they should suffer from imitations, spurious Pills, palmed off by the help of titles similar to that of the genuine Pills. Therefore, we once more caution the public against purchasing any but the

GENUINE "WRIGHT'S INDIAN VEGETABLE PILLS."

These Pills, as we before remarked, operate by purgation—by thoroughly cleansing the entire system from all impurities, and making the invalid, in the homely but expressive phrase, 'a new man'; whether the disease is INCIPIENT CONSUMPTION, which insidiously attacks the Lungs, producing that dry, hacking cough so painful to the friendly ear; or Cutaneous, showing itself upon the skin in eruptions or blotches; whether the Kidneys or the Bowels be affected—*Wright's Indian Vegetable Pills* are equally efficacious in warding off danger. Their expectorant, cathartic, sudorific and diuretic qualities enable them to take hold of each form of disease.

The *perfect safety* of the medicine is another all important quality, and one which has contributed more than any thing else to its extension and popularity.

In a word, this medicine commends itself strongly to the patronage of the public, and its use bids fair to become, before long, ALMOST UNIVERSAL.

SAND'S SARSAPARILLA.

FOR the removal and permanent cure of all diseases arising from an impure state of the blood, or habit of the system:

Scrofula, or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Postiles on the Face, Blotches, Biles, Chronic Sore Eyes Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica, or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites, or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders will be removed by this Preparation.

If there be a pleasure on earth which superior beings cannot enjoy, and one which they might almost envy men the possession of, it is the powers of relieving pain. How consoling then is the consciousness of having been the instrument of rescuing thousands from misery, to those who possess it. What an amount of suffering has been relieved, and what a still greater amount of suffering can be prevented by the use of Sand's Sarsaparilla! The unfortunate victim of hereditary disease, with swollen glands, contracted sinews, and bones half carious, has been restored to health and vigor. The Scrofulous patient, covered with ulcers, loathsome to himself and to his attendants, has been made whole. Hundreds of persons, who had groaned hopelessly for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs, and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation.

Copy of a letter received from Mrs Asenath M. Phillips of Norwich, Conn. after she had been using the medicine about eight days. Comment on such evidence is unnecessary. Norwich, Oct. 8, 1842.

Messrs. Sands: Gentlemen, It is with the greatest pleasure, and a heart overflowing with gratitude, I sit down to address you, to inform you of my health, which is rapidly improving every day. Those tormenting pains in my limbs, which have followed me for nineteen years and six months, which were taking my life by inches, tortured and racked to that degree I could not sleep any more than a person wrapped in embers, or with some living creature biting the flesh. Not one single night have I slept all night during the whole of that time; and wonderful to tell, on the 26th of October, I went to bed at 10 o'clock, and slept sweet sleep till morning, and have continued to ever since, which is five nights; the best sleep which I ever enjoyed in my life. The sores on my limbs are growing smaller, and on one side there appears to be new flesh growing. The water is going off by degrees from my head to my feet. It is about two days since it reached my feet, so as to leave wrinkles on my skin. Nothing ever before reached my case until I tried your Sarsaparilla. If I continue to take it until the water is all removed from my feet and ankles, I will get well. I want you to send me some more by the next boat, by Mr Willcox. Can I find words to tell you how much I am indebted to you? No, I cannot. When physicians failed to help, and friends gave me up to die, it seemed that the Lord put it into the heart of strangers to find out a remedy and send it to me before the lamp went out. The scripture saith, "He that hath pity upon the poor lendeth unto the Lord, and that which he hath given will pay him again.

I must close my letter by subscribing myself your friend. ASENATH M. PHILLIPS.

TRUE WISDOM.

A WISE general on the eve of battle makes a proper disposition of his forces beforehand, and does not wait till the enemy has made an attack, and thus, by forethought and due preparation, reasonably expects a victory; thus he who has a desire to attain a healthy and consequently happy old age, does not indolently wait for the attack of the enemy, which is sickness, but is constantly on his guard against his insidious approaches, by paying proper attention to the state of his health. Many would fain occasionally use medicine to assist nature in her operation, but like a mariner at sea without his compass, knowing not where to steer, they first try this and then that, and meet with nothing but disappointment; to these, how welcome must be the important fact, that Parr's Life Pills are now proved to be all that are required to conquer disease and prolong life.

MAYOR'S ADDRESS.

Gentlemen of the City Council:

Permit me to express my grateful acknowledgments through you to my fellow citizens, for the distinguished mark of their confidence in placing me at the head of the government of this city. A deep sense of this honor will ever abide with me, and my sincere thanks, with the assurance of my determination to perform my duty to the best of my ability, and with a view to the highest good of this young and growing city, is the best and most appropriate return, I can make for their kindness.

We have been selected by our fellow citizens to take charge of the affairs of the city, and to see that they come to no harm. The trust we receive at their hands, even without the binding force of a solemn oath, should be most faithfully executed, and all the duties devolving upon us performed with fidelity.—This task is made somewhat easy by the able and faithful manner our predecessors have performed their duties. The wheels of government have been set in motion, and we have but to see that the machine is kept in good order, and to consider whether it is capable of any further improvements.

Among the earliest and most important of your duties will be, that of providing for the support of the credit of the city and the ordinary expenses of the government. The permanent debt of the city amounts to $143,300, $3,400 having been paid during the last year. The interest of this debt, with $5000 of the principal, which becomes due this year, must be provided for.

To maintain the credit of the city unsullied and unsuspected is the first duty of the government.

The report of the City Treasurer, which will be laid before you, will unfold more particularly the State of our finances.

The public schools, the pride and ornament of the city, cannot be cherished with too deep an interest. Patriotism and religion call upon us to foster the cause of education, intellectual and moral. The welfare of the State and the Church depends upon the manner in which our youth are educated. Add to this, that the happiness and respectability of individuals and families rest in a great degree, upon the early training of the young in our public schools, and it is not too much to say, that the future glory and prosperity of this city, greatly depend upon the manner our schools are supported, and our youth are educated. We are deeply indebted to the persevering labors of the Superintending Committee, and untiring efforts of the instructors, for the high charter of our schools.

The amount of expenditures in that department for the past year was $7,408,31, and it is expected that an equal sum will be required for the current year. During the past year a new school house has been built, in District No. 4, and one on York street. A contract has already been made for a new house on Main Street. Another house will be wanted in District No. 2, in the place of one destroyed by fire. An ordinance was passed during the last year, establishing a Commissioner of School-houses, whose duty it is to superintend the erecting and repairing school-houses, providing wood, &c., which office it will be the duty of the City Council to fill.

The care of the poor devolves upon the city, and requires the careful and kind attention of the overseers. It is but a few years since the support of the poor was a heavy item in the city expenses. An improved system has been introduced into the department, and the expenses, excluding the income of the farm, was reduced the last year, to $1,404 48. When it is considered how greatly this city is exposed to the influx of foreigners and transient persons, we can hardly expect to reduce the expenses below the above sum.

The order and economy which have been introduced into the concerns of this department, by the keeper and overseers of the poor, deserve the highest praise.

The city farm affords great aid in the support of the poor, and it may be worthy of consideration, whether by an improved system of husbandry, and a further and judicious outlay, a greater income may not be derived from it. Its vicinity to the city renders it easy to obtain all the manure that may be necessary to place it in a high state of cultivation, and offers a ready market for its surplus products.

The fire department continues to merit the highest confidence in its promptness and efficiency, in staying the ravages of fire. Their services which are rendered nearly gratuitously, are well worthy of remuneration, especially since the military duty has become less arduous. The report of the Chief Engineer is referred to, by which the state of the department may be known.

The expense of repairing the streets and highways during the past year was $6249.39, which was unusually large, and far exceeds, what will be necessary for the current year. The occasion of this expenditure will appear upon an examination of the report of the Street Commissioner.

It is believed the streets and roads are in good order, and that the duties of the Commissioner have been performed with prudence and fidelity.

I respectfully reccommend to the consideration of te hCity Council, that the street leading from Hammond street over Smith's Bridge to Harlow street be laid out, provided the owners of the Bridge will convey the same to the city, and no claim is made for damages.

The plan for allowing a discount on taxes for prompt payment operates favorably as it lessens the trouble of collection, and enables the Treasurer to manage the fiscal concerns of the city with more ease and economy.

The attention of the late City Council was called to the erection of a City Hall on the site now occupied by the old one. The subject was so far noticed as to order the drafting a plan and estimate of the expense of such a building. This action of the City Government has turned the public attention to the subject and considerable discussion has been had among our fellow citizens. It is evident that a difference of opinion exists as to the propriety of the measure. Without expressing any opinion on the subject, I feel it my duty to state, that, in raising money for the ordinary expenses of the government, it is the duty of the City Council to take into consideration the wants of the city, and what the public good requiries, and determine accordingly. But when some project of public policy, involving a heavy expense to the city, should be proposed for adoption, it would be your duty to move with the utmost caution. The amount of the present debt, the opinion of the citizens, especially those who would be most effected by the measure, the wants of the public, and the questions whether the outlay would be a good investment, should all be taken into consideration. But should it meet the approbation of both Boards of the City Council, I should recommend to you to submit the final question, if it is to be carried out by a loan obtained upon the credit of the City, to the decision of the legal voters of the City, in ward meetings.

All will see the propriety of procuring the assent of those who are most interested in the measure, and those who know best their own wants, and how much liability they are willing to incur for their gratification.

It is with great diffidence that I assume the duties of the office conferred upon me by my fellow-citizens. But I am aware that all measures which may deeply effect the interest of our constituents, must pass through the respective boards of the City Council, and I feel confident that nothing will take place which is inconsistent with the honor or welfare of our beloved city. JOSEPH BRYANT.

REPORT OF THE SUPERINTENDING SCHOOL COMMITTEE.

To the Mayor, Aldermen and Common Council of the City of Bangor.

The Superintending School Committee of said city submit their report on the condition of the department under their care. The amount expended for the support of the schools, embracing a few outstanding claims at the beginning of the year, is $7649,66

For salary of Teachers	$6621,44
" wood, rent, repairs, books, &c.	1028,22
	$7649,66

The amount raised for the support of schools including the bank tax was $7407, and shews an expenditure over the appropriation of $242,66. This excess of expenditure has arisen from an unusual amount of repairs and from a large number of stoves supplied for the school houses. The number of schools is increasing with the number of scholars, and the amount of expense must be enhanced; but it is thought the amount necessary to raise for the support of schools the ensuing year need not exceed the amount of expenditures of the present year.

The High Schools were established by an ordinance of the city, and they ought to be supported by a special appropriation. By the revised statutes, Chap. 17 Sec. 7 the money raised for the support of schools is to be divided among the school districts according to the number of scholars between the age of 4 and 21 years. But by the eighth section, it is provided that, "whenever any town shall raise a sum of money exceeding the amount required by the 6th sec. of the statute," that is 40 cents for each inhabitant, "the excess may be distributed among the several school districts in such manner as the town may determine. The High Schools are not established exclusively for the scholars belonging to the district No. 1, but are open to all, that are qualified according to the rules established by the Superintending School Committee. The city council may therefore determine what part of the excess over 40 cents for each inhabitant, shall be appropriated to the support of the High Schools.

The Committee are happy to assure the city council that the schools throughout the city were never in a better condition than at the present time. Among upwards of forty teachers, who were employed during the last term, not one has failed to give reasonable satisfaction; and a large proportion of this number deserve very high praise. During the recent examinations the Committee have noticed with great pleasure an evident improvement in the good order of the schools, which in many instances left little to be desired in that particular. There existed that quietness without restraint, and that beaming countenance, which gave evidence, that a warm sympathy was established between the teacher and pupils, and that the latter were happy in their school. In this state of things, it is hardly necessary to say, that the scholars sustained the examination with great credit to themselves and to their teachers.

The first and great object in the infant schools, should be to make them pleasant to the pupil. The impulse of nature in every child promotes the physical education, which should not be obstructed by "too much regulation," even in the school room.

They should be subjected to restraint, but it should not be too long continued. Much of the instruction should be oral, and, as much as may be, confined to objects of the senses.

But when the pupil is old enough to study, the course should be quite different. The object then should be to bring into exercise the intellectual faculties. We know, that the exercise of the body gives it power and activity. Not less is the mind improved and invigorated by every new effort. Let not the teacher too readily yield to the request of the scholar to aid him in getting his lesson. Let him be encouraged to rely upon his own power and efforts. 'Try again" is a good answer to such applications. Many a boy has obtained the character of a dunce, because he has never been required to make any earnest effort. Unfortunate indeed is the scholar, who relies on his Teacher, or a friendly fellow student, to aid him in accomplishing his task. On the other hand, thrice happy is he who feels, that he has a power within him, which, when brought into action, can do all things. To wake into life this dormant power and to make it perfect is the duty of the Teacher and the object of education.

The city has nobly performed its duty by erecting school houses and raising money for the support of the public schools. The Committee have introduced a system of classification into the schools, which is as nearly perfect, as the situation of the Districts will permit; and have employed teachers of high qualifycations and experience to instruct the scholars. It now remains for the parents, masters and guardians to determine, whether they will send the children to school where they may receive the instruction designed for them. That there are hundreds of children in this city, who do not attend school, and large numbers whose attendance is extremely irregular, are facts too evident to be denied. And in this lies the great obstacle to the full success of our schools. If parents were fully aware of the infinite importance of education, and the necessity of a constant attendance to enjoy the benefit of instruction, a great reform would at once take place. To suffer children to neglect the schools open to all, and to wander about the streets, without any one to guard or direct them, is to train them up for ignorance and infamy. The Committee would earnestly beseech and entreat all, who have the charge of children, and who have heretofore neglected their duty, to neglect it no longer. Where a child has been allowed to have his own way, it may require much decision and perseverance to correct the evil; it should be remembered, that every day adds to the difficulty. But continued effort will overcome the most inveterate habit; and no child exists who may not by proper exertion be made to love his school.—If parents begin right, it is easy to go on right. But if children are indulged in having their own way, and are suffered to play truant, and then are furnished a certificate of excuse for the absence, nothing but misery to the parent and to the child can be expected. But the mischief ends not here. The order of the school is broken up, the efforts of the Teacher are baffled and the progress of the school impeded.—The establishment of the select school for Boys, under the charge of Mr. Bowler, has been found to add to the efficiency of our school system. It offers a new goal, to which, the scholars in the lower grade of schools aspire, and furnishes a wholesome excitement to the boys to diligence in their studies. The Committee are happy to award the meed of high praise for the ability and faithfulness of Mr. Bowler in the management of this school and regret we were unable longer to obtain his services.

The Committee have pleasure in stating that a foundation has been laid for the establishment of a cabinet of Mineralogy in the High School for girls. Mr. Woolson, the excellent instructor of that school, who possessed a large collection of minerals generously offered to present a variety of specimens provided a cabinet was procured and placed in a room adjoining the school room to receive them, which has been done. The study of mineralogy may hereafter be introduced into the High Schools, when this cabinet may be found useful.

City Affairs.

IN BOARD OF ALDERMEN, March 15, 1844.

Reports of the City Treasurer, Overseers of the Poor, City Physician, Chief Engineer of the Fire Department and Street Commissioner severally, Read and referred to the next City Council in concurrence.

Report of City Marshal read and accepted in concurrence.

Report of the Committee on By Laws and Police Regulations on sundry and petitions papers read and accepted in concurrence.

On motion of Alderman Hayward.

Resolved, That the thanks of the Board of Aldermen be presented to the Mayor, Jacob Drummond Esquire, for the impartial, faithful and highly acceptable manner in which he has discharged the duties of President during the past year. Passed unanimously.

The Mayor made the following reply:

Gentlemen of the Board of Aldermen I thank you for this kind expression of your feelings, I do assure you that I feel a deep sense of gratitude to the kind and respectful attention with which I have always been treated at this board.

And, if at any time a difference of opinion has caused us to use our efforts to bring about different results, I fully believe we have always acted in good faith and performed our duty to our constituents to the best of our skill and judgement.

And now Gentlemen, as our term of service is about to expire and we are soon to separate—in all probability never to meet again in this organization I wish you individually all the prosperity and happiness this world can afford and a happy entrance into that which is to come.

In the Common Council:—On motion of Albert Houlton Esq. Resolved,

That the thanks of this Board be accorded to John S Sayward Esq. for the faithful and impartial manner in which he has discharged the duties of President of the Common Council during the past Municipal year. Passed unanimously.

Upon which Mr Sayward made the following reply.

Gentlemen of the Common Council:

I heartily thank you for the expression of your approbation in the resolution you have so kindly passed. I am happy to find that our association for the past year has been mutually agreeable.

Allow me to remark, that during all the sessions of this council there has been displayed, on your part, an earnest devotion to the interests of your constituents and the welfare of the city; and although all political parties are here represented, there has not been exhibited the slightest party conflict, nor the utterance of a remark calculated, even for the passing moment, to give personal pain.

It is rare, indeed that during the existence of a Council such unbroken harmony and good feeling prevail, as have characterised the present Council.

These circumstances, and the fact of your general acquaintance with, and cheerful acquiescence in, the rules of Legislative bodies, have rendered the duties of the chair easy of performance, it indeed, they have been acceptably discharged.

I cannot but indulge the hope that our being associated the past year has contributed something towards the cultivation of kindly feelings among us and to a better acquaintance with the virtues of each.

In separating, gentlemen, permit me in sober earnestness to wish you personally that reward in the confidence of your constituents which your devotion to them so justly merits—that enjoyment in life which a good conscience secures, and those blessings beyond this fleeting world, which an infinitely benevolent Parent can bestow.

Adjourned without day.

Organization of the City Council.

The City Council elect assembled in convention at the City Hall on Monday 17th inst. The convention was called to order by the Mayor elect, when a prayer was offered to Heaven by Rev. Mr West of the Episcopal Church.

The oath of office was administered to the Mayor by the City Clerk pro tem.

The Mayor administered the oath of office to the Aldermen and Common Councilmen, when he delivered an address. The several departments of the city were appropriately noticed and the suggestion made that the subject of creating a City Hall, if the two branches of the City Council should deem the project advisable, should be referred to the people.

The convention separated and the Common Council organized by the choice of John S. Sayward President, and Elliot G. Vaughan Clerk.

The usual messages were enterchanged and a few preliminary orders passed and the Council adjourned to meet on Friday next at two o'clock P. M.

Grand Concert.

The Bangor Musical Association, composed of the best singers in the city, and combining much rare talent in this department, and, also the best talent in instrumental music, have advertised to give a grand concert at the Universalist Chapel on Thursday evening. Our people love to attend good concerts, and now that an opportunity is offered of listening to their own favorite singers and performers, in a miscellaneous concert, where the special merits of each will be fully displayed, we expect to see a large attendance.

This association are doing much in the cultivation of an elevated taste in music. They deserve the earnest support and the highest encouragement from our people. We have attended some of the rehearsals and can promise to all who attend, a rare treat. We hope that not another word is needed to give this concert a crowded house—if we thought it important or necessary to urge people to go, we could say much.

The Nestorian Mission.

Accounts from this mission, received by the American Board, indicate that its permanency is threatened, not by the difference between the priests and the missionaries, for they have been adjusted, and mutual confidence has been restored, but by the extension of Russian influence in Persia. The English embassy has been withdrawn from that country, and if the Russian ecclesiastical law be enforced, it will unavoidably break up the mission.

The quarterly report of the West India committee announces the arrival, at Jamaica, of the Rev Lorin Thompson and lady, of Attica, N. Y as missionaries to the emancipated negroes. Mr Henry B Newhall, of Chelsea, Mass, has also been sent to the same field as a teacher.—The Rev. Mr Beardslee, who has for some time been stationed there, gives a favorable account of the mission.

☞ Yesterday, being the anniversary of the birth of St. Patrick, was celebrated in fine style by the Bangor Catholic Total Abstinence Society, and by the St. Patrick's Benevolent Society of Bangor. The former dined at the Mansion House, and the latter at the Franklin House. We shall give further accounts of these celebrations in future papers.

☞ There are several Boston advertisements in our columns worthy attention.

The Dry Goods notice of *Mackintire & Co.* we are assured is worthy the attention of the numerous dealers among our readers.

The Bonnet and Millinery notice of Messrs. *H. C. Fisher & Co.* is undoubtedly worthy attention. In fact we are strongly inclined to believe that our Boston advertisers are among the most respectable and worthy merchants of that commercial city.

☞ The election of town officers in Brewer yesterday turned upon the question of licensing and those opposed to licenses carried the day.

Education in Madawaska.

To the Editor of the Whig & Courier:

In the late Report of the Land Agent of this State, I notice allusion is made to the improved state of education in the benighted region under the superintendance and guardianship of Mr. Madigan. The following is an extract:

"Of Mr. Madigan it is unnecessary for me to speak. He will be remembered by hundreds with gratitude for the benefits of instruction they have derived from him, and the public will award him much well deserved praise for the prudence and diligence with which he has discharged the duties of his mission. Those who best know Mr. Madigan, know his worth, and the loss to that people will be irreparable, if for want of a suitable appropriation for schools, he should be compelled to leave them. Supposing the taxable property in the State to be $75,000,000, (and it is probably more)—an appropriation of $1,500, assessed upon property alone, would be a tax of two cents only on every thousand dollars of taxable property. Who will grudge so mere a trifle in aid of the benevolent object of enlightening such a people?"

Now the Land Agent must have been either sadly misinformed as to the benefits derived from Mr. Madigan's mission to this country, or he is guilty of gross misrepresentation.

I am perfectly willing to give Mr. Madigan the credit of doing all the good he has done, but I am not willing that the public should be so completely deceived, as they must be, if they put confidence in the foregoing statements regarding the character and mission of Mr. Madigan. *Here,* in the field of Mr. Madigan's extraordinary and philanthropic labors, there is (as the Land Agent says) no need of his speaking in his praise, for he is known, and his merits duly appreciated. Mr. Bradley, it seems, would have the public believe that the poor inhabitants here never had a school, or even *thought* of learning to read, before they had the benefit of this appropriation.

There have been schools in the Madawaska settlement for many years—most of the time two or three; and the people have had those among them as capable of teaching them as Mr. Madigan and "they have contributed as largely (according to their means)" as they did the past year. I admit that the people here are generally ignorant, but they are not so ignorant as to be entirely insensible to the benefits of education. Their poverty is one cause of their being ignorant; and the want of some of the privileges and advantages that are extended to other portions of the citizens of this State, is another. Poverty and ignorance are generally associates, especially in a community like this, when poor people are obliged to support their own schools. In other places the people have the benefit of the public school fund, the surplus revenue, &c, which we are denied. We have nothing but the *name* of having received "an appropriation of $1000, and a prodigy of learning, prudence and deligence to show us how to use it, at the moderate rate of 60 per ct. commissions. Three hundred dollars were probably spent by Mr. Madigan, in teaching schools. Although it cannot be expected the sum would do much good in so large a district as these whole settlements, it might have done some. If the people could have had the whole amount of the appropriation without Mr. Madigan, it would have been, to them, a benefit. If they need an agent, let them choose one themselves—if they cannot find one possessed of sufficent literary acquirements to answer, here they could *hire* a man as competent to perform the duties, as Mr Madigan for two or three hundred dollars per annum.

Mr Bradley is much mistaken if he thinks a continuation of the schools *under the present system* is necessary to qualify the people to adopt our municipal regulations, &c I admit a large portion of the inhabitants here (particularly the French) are almost entirely ignorant of our laws, principles of government and institutions. If it was a part of the object of Mr. Madigan's mission to this county to give the people such knowledge as this, he has failed of accomplishing it, but if it was expected of him to advance the interests of one political party—to teach them that it is made up of all the wise and good, and its principles just and pure, and that another party is ignorant and vicious, advocating principles opposed to liberty, religion and morality—to get the *votes* of those who are ignorant enough to believe him, his has been (as the Land Agent well knows) eminently successful. If this was not the *object* of his mission it is well known to be the result, and if he deserved praise for his "prudence and diligence" (as he does no doubt, particularly for the latter) it is for accomplishing an object so desirable to his party, for he has accomplished no other. If his political friends should see fit (as they probably will) to appoint him to some office, as a reward for his valuable services to the party, I would recommend him for Deputy Collector of Customs at this "*port*" so we may have the pleasure of *seeing* him occasionally, if we cannot "secure his services."

If the Legislature should see fit to make another appropriation, it is hoped they will give us the privilege of selecting our own school agents, or if one is sent to us, let it be one who will confine to that object, or one who will give us *impartial* knowledge of laws, institutions and the *true* principles of the different political parties. If an agent like this can be sent us at the expense *of the State* he will be well received by all.

I understand Mr. Madigan has made a report of his doings to the Legislature. I have waited for sometime in hopes of seeing it, in vain! I am anxious to see it. If he does not come nearer to the fact than the Land Agent, he will be quite likely to hear again from

A CITIZEN OF MADAWASKA.

The American Press.

We copy the following from the last No. of Chambers' Edingburgh Journal;

"In no other country in the world, perhaps, is the newspaper press so powerful an engine, as in the United States. Nowhere else is it so omnipotent in its action, so omnipresent in its influence. It speaks to every one, and of every one,—making itself felt in every public department, and at the same time exerting a tremendous influence over private life. If all energies emanated from proper principles—were the zeal which directs its efforts a zeal for man's intellectual and moral good,—the press in America, from its increased and increasing power might in a very short time undo much of the mischief which its vicious direction has entailed on the country."

MAINE LEGISLATURE.

March 14.

In the Senate, Passed to be enacted—Bill to incorporate the town of Waldo; additional to the 140th chapter of the Revised Statutes; to extend the authority of the Kennebec Log Driving Company; to authorize the erection of a wharf in tide waters in Eastport; to incorporate the Harper Library association.

The militia bill was taken up and discussed to the time of adjournment.

In the House, Mr Allen, from the Judiciary Committee, to which was referred a bill making further provisions for keeping the poor in the several towns in this State, reported that the same ought to pass. The bill was twice read and to-morrow assigned.

The liquor bill was assigned to Tuesday

Passed to be enacted—Bill to incorporate the Lee Normal Academy; to incorporate the New port Academy; additional to chapter 13 of Revised Statues; additional in relation to the public lands, to prohibit special warrants: to incorporate the proprietors of the Bath New Church Temple.

Passed to be engrossed—Resolve relative to the distribution of the annual school fund; authorizing the Land Agent to purchase property attached on demands in favor of the State.

BANGOR LYCEUM.

THE next Lecture before the Lyceum will be delivered by D. T. Jewett, Esq. Bangor, THIS EVENING, at the City Hall.

Subject—Discoveries on the River Niger.

march 18. J. S. WHEELWRIGHT, Sec'y.

To Consolidate Urine and Retain the Ammonia.

The following is an excellent method of collecting the salts and gaseous matters of urine, which I have tried myself, and recommended to many of my friends residing near large towns or cities:

Take twenty measures of dry peat and one of ground gypsum, and mix them well together—Place barrels half full of this mixture in place where urine may be collected, and it will be found that the salts and ammonia of urine will be consolidated in this mixture, without giving the slightest odor, or being in any way offensive, for the salts are taken up, by decomposing urea, is immediately absorbed.

This method of getting rid of a nuisance and of consolidating a valuable liquid manure, full of the most useful salts, ought to receive attention. A mixture of peat or swamp muck and gypsum, will also serve to absorb all the disagreeable gasses of vaults, which will be converted into fertilizing compounds with the sulphuric acid of the peat.

C. T. JACKSON.

Boston, June 1, 1844.

MARRIED,

In Bangor, by Rev. Seth H. Beale, of Brewer, Mr Daniel Fickett, of Harrington, to Miss Cynthia S. Wing of Brewer.

DIED,

In Frankfort, 14th inst., Eliza Holbrook, of scarlet fever, aged 1 yr 8 mos., daughter of Reuben and Alvira Rich.

THURSDAY EVENING, March 20th,

AT THE UNIVERSALIST CHAPEL.

PART I.

1st. *Recitative Air and Chorus.* — *Haydn.*
Recitative. In the beginning, God created the heaven and the earth.
Chorus. And the spirit of God.
Recitative. And God saw the light.
Air. Now vanish before the holy beams.
Chorus. Desparing, cursing, rage, a new created world. — *Haydn.*
2d. *Recitative Air and Chorus.* — *Haydn.*
Recitative. And God made the firmament.
Air. The marvelous work behold amaz'd.
Chorus. And to the ethereal vault resound.
3d. DUETT—All things fair and bright are thine. — *O. Shaw.*
4. SONG—Dreams of heaven. — *T. Bissell.*
5. *Recitative Trio and Chorus.* — *Haydn.*
Recitative. And God said, let there be light.
" In splendor bright is rising now the sun.
Chorus. The Heav'ns are telling, the glory of God.
Trio. Day unto day doth utter speech
6th. *Recitative Air and Chorus.* — *Haydn.*
Recitative. And God created man in his own image.
Air. In native worth and honor clad.
Recitative. And God saw every thing that he had made.
Chorus. Achieved is the glorious work.

PART II.

1st—*Quartette*—Awake! Æolian Lyre. — *S. Danby*
2d—*Glee*—The Dawn of Day. — *T. Bissell.*
3d—*Duett.* The mariner loves o'er the water to roam. — *A. Lee.*
4th—*Duett*—When thy bosom heaves the sigh. — *J. Braham.*
5th—*Quartette*—Crabbed age and youth. — *L. Stevens.*
6th—*Duett*—Day is gently breaking — *Lyrist.*
7th—*Trio*—Desolate is the dwelling of Moina. — *Dr. Cocoil.*
8th *Duett and Chorus.* The day is past and gone. — *W. C. Peters.*
9th—*Solo and Chorus*—Raise your songs of praise on high. — *Handel.*
